climate litigation

since the birth of democracy the political institutions that protect the freedom and rights of citizens regular elections the right to speak freely and express
dissent have been potentially dangerous in times of war and conflict by complicating and interfering with the policies and decisions that require swift
execution decisiveness and persistence in the united states the military establishment is subordinate to civilian institutions and offices that are accountable to
the citizens leading to often contentious relations the five essays in this book examine these complex civilian military relations paul rahe describes a famous

example of the excesses of direct democracy in ancient athens ralph peters analyzes the civil war from the perspective of dissent resistance and riot peter mansoor provides a history of military disagreement with the commander in chief in peacetime williamson murray covers the concerns of american isolationism during the cold war and the korean war and bing west offers a study of dissent within the military around failing strategies in his epilogue victor davis hanson outlines president trump s stormy relationships with his military cabinet members illustrating many of the tensions and dangers that have characterized the principle of civilian control of the military

contributions by darrell gerohn baksh jan de cosmo frances henry jeff henry adanna kai jones samantha noel dwaine plaza philip w scher and asha st bernard women are performing an ever growing role in caribbean carnival through a feminist perspective this volume examines the presence of women in contemporary carnival by demonstrating not only their strength in numbers but also the ways in which women participate in the event while decried by traditionalists the bikinis beads and feathers of pretty mas convey both a newly found empowerment as a gendered resistance to oppression from men although research on carnivals is substantial especially in the americas the subject of women in carnival as a topic of inquiry remains fairly new these essays address anthropological and historical facets of women and their practices in the trinidad carnival including an analysis of how women s costuming and performance have changed over time the modern costumes which are well within the financial means of most mas players demonstrate the new power of women who can now afford these outfits in discussing the commodification and erotization of carnival the book emphasizes the unveiling of the female body and the hip rolling sexual movements called winin or it through display of their bodies contemporary women in carnival express a form of female resistance intent on enjoying and expressing themselves they seem invigorated by their place in the economy as well as their sexuality defying the moral controls imposed on them through an array of methods in qualitative research including interviews participant observation and ethnography this volume explains the new power of women in the evolution of carnival mas in trinidad amid the wider caribbean diaspora

advances in lignocellulosic biofuel production systems focuses on general topics such as novel pretreatment strategies lignocellulosic biomass as a suitable feedstock for biofuels lifecycle assessment and integrated biorefineries furthermore the book focuses on more advanced topics such as genetically engineered feedstocks metabolically engineered microbes bioreactor design and configuration cell immobilization strategies artificial intelligence applications and nanotechnology this book will guide readers through all aspects of lignocellulosic biofuel production rather than simply covering a single topic provides information on the most advanced and innovative technologies for biomass valorization including the design and configuration of bioreactors identifies research gaps in the application of artificial intelligence nanotechnology cell immobilization metabolic engineering kinetic assessment and genetically engineered feedstocks for enhancing lignocellulosic bioprocessing and biofuel yield presents a global overview of the supply chain for biofuels production from lignocellulosic biomass includes techno economic analysis along with environmental and socioeconomic impact assessments of various technologies

the common marmoset in captivity and biomedical research is the first text dedicated exclusively to this species filling an urgent need for an encyclopedic compilation of the existing information sponsored by the americancollege of laboratory animal medicine as part of its authoritative blue book series the book covers the biology management diseases and clinical and research applications of this important species the common marmoset callithrix jacchus has come of age in the scientific community as a behaviorally complex cognitively advanced small prolific and easily maintained nonhuman primate with many of the advantages of larger animals such as macaques but without the attendant physical and zoonotic risks marmosets are currently being used in diverse areas of inquiry including vision and auditory research infectious disease cognitive neuroscience behavior reproductive biology toxicology and drug development and aging themarmoset genome has been sequenced and there is currently an intensive effort to apply gene editing technologies to the species the creation of transgenic marmosets will provide researchers with a small nonhuman primatemodel to study a number of poorly understood disorders like autism presents a complete view of the marmoset covering their biology and management diseases and clinical applications and research applications includes contributions from renowned and international authors and editors provides the first authoritative and comprehensive treatment of marmosets in biomedical research as part of the aclam series
