originally published in 1968 the founders of psychical research is centred upon the lives and work of henry sidgwick edmund gurney and

frederic myers prominent in the society for psychical research s p r during its early years it is not a history of the society it passes over important aspects of the s p r s story and deals at some length with matters quite outside it the book frequently gives accounts of paranormal phenomena which if indeed they occurred would not be explainable through any recognisable hypothesis but are treated throughout as unexplained
