the problematic of biopolitics has become increasingly important in the social sciences inaugurated by michel foucault s genealogical research on the governance of sexuality crime and mental illness in modern europe the research on biopolitics has developed into a broader interdisciplinary orientation

addressing the rationalities of power over living beings in diverse spatial and temporal contexts the development of the research on biopolitics in recent years has been characterized by two tendencies the increasingly sophisticated theoretical engagement with the idea of power over and the government of life that both elaborated and challenged the foucauldian canon e g the work of giorgio agamben antonio negri roberto esposito and paolo virno and the detailed and empirically rich investigation of the concrete aspects of the government of life in contemporary societies unfortunately the two tendencies have often developed in isolation from each other resulting in the presence of at least two debates on biopolitics the historico philosophical and the empirical one this handbook brings these two debates together combining theoretical sophistication and empirical rigour the volume is divided into five sections while the first two deal with the history of the concept and contemporary theoretical debates on it the remaining three comprise the prime sites of contemporary interdisciplinary research on biopolitics economy security and technology featuring previously unpublished articles by the leading scholars in the field this wide ranging and accessible companion will both serve as an introduction to the diverse research on biopolitics for undergraduate students and appeal to more advanced audiences interested in the current state of the art in biopolitics studies

compiling the experience and expertise of over 50 leading international scholars this handbook of teaching public administration offers critical insights into the questions issues and challenges raised by teaching practitioners and aspiring professionals its global scope provides a comprehensive overview of the diversity of current practice in teaching public administration

this book is an anthology focused on shaw s efforts literary and political that worked toward a modernizing ireland following declan kiberd s foreword and the editor s introduction the contributing chapters in their order of appearance are from president of ireland michael d higgins anthony roche david clare elizabeth mannion nelson o ceallaigh ritschel aisling smith susanne colleary audrey mcnamara aileen r ruane peter gahan and gustavo a rodriguez martin the essays establish that shaw s irishness was inherent and manifested itself in his work demonstrating that ireland was a recurring feature in his considerations locating shaw within the march towards modernizing ireland furthers the recent efforts to secure shaw s place within the irish spheres of literature and politics
