note if you are purchasing an electronic version masteringgeography does not come automatically packaged with it to purchase masteringgeography please visit masteringgeography.com or you can purchase a package of the physical text and masteringgeography by searching for isbn 10 0321920163 isbn 13 9780321920164 human geography 5ce builds knowledge about places and regions and an understanding of the interdependence of places and regions in a globalizing world

this edited volume has taken us a step forward in advancing our understanding of global cities and their immediate functional and spatial regions in contemporary globalization i would recommend it to both geographers and urban theorists and as a course text for those who are interested in globalization and world cities progress in human geography this comprehensive collection hits some important academic and policy targets in very timely fashion this is a book that will surely be a useful reference point for both students and researchers alike international planning studies for those new to the debate over the nexus of global urban relations this volume is a useful introduction to a number of the key issues and concerns of this approach although familiarity with the global city framework would contextualize some of the discussion for those more familiar with the extant literature this collection has enough that is new to encourage reflection international affairs i strongly recommend this book it begins to provide us with a way to think across traditionally urban and regional scales of analysis and dialogue that alone is a welcome addition to the now massive if often fragmented

literature on globalization and its manifold consequences regional studies well edited and multi faceted regional studiethere are now more than three hundred city regions around the world with populations of more than one million as globalization intensifies these city regions come to pose many new questions and problems this book presents a highly original and multifaceted review of these issues by some of the leading researchers in the field
