work orientations and work attitudes have to do with the productive capacities in society insofar as individuals are positively oriented towards contributing their labour we can expect a great amount of work to be done and to be carried out efficiently carefully and responsibly these subjective factors are thus very vital in modern working life work orientations theoretical perspectives and empirical findings offers up to date research on people s commitment to work and employment and job satisfaction in economically advanced countries it will also analyse changes that have taken place in these respects over the last decades among the key issues in work orientations are questions about whether patterns of work centrality and employment commitment tend to remain stable or have changed across time in various countries moreover we assume that the circumstances under which people participate in the social division of labour colour their subjective relationships to their jobs and to employment in general a major aim of the book is to explore the impact of factors such as occupation education age and gender on work orientations and work attitudes work orientations will be invaluable for researchers and scholars in the fields of organizational studies the sociology of work employee engagement and related disciplines

covering a number of european languages from portuguese to hungarian this volume includes many new studies of translation patterns using parallel corpora focusing on particular linguistic features as well as broader ranging contributions on translation universals

a radical retelling of human history through collapse from the dawn of our species to the urgent existential threats of the twenty first century and beyond a brilliant utterly convincing account of the evolution of human society and why we are probably reaching humanity s end days henry marsh absolutely essential reading for understanding why past civilisations collapsed and how to protect our own from the same fate lewis dartnell for the first 200 000 years of human history hunter gathering homo sapiens lived in fluid egalitarian civilizations that thwarted any individual or group from ruling permanently then around 12 000 years ago that began to change as we reluctantly congregated in the first farms and cities people began to rely on novel loatable resources like grain and fish for their daily sustenance and when more powerful weapons became available small groups began to seize control of these valuable commodities this inequality in resources soon tipped over into inequality in power and we started to adopt more primal hierarchical forms of organization power was concentrated in masters kings pharaohs and emperors and ideologies were born to justify their rule goliath like states and empires with vast bureaucracies and militaries carved up and dominated the globe what brought them down whether in the early cities of cahokia in north america or tiwanaku in south america or the sprawling empires of egypt rome and china it was increasing inequality and concentrations of power that hollowed these goliaths out before an external shock brought them crashing down these collapses were written up as apocalyptic but in truth they were usually a blessing for most of the population now we live in a single global goliath growth obsessed extractive institutions like the fossil fuel industry big tech and military industrial complexes rule our world and produce new ways of annihilating our species from climate change to nuclear war our systems are now so fast complex and interconnected that a future collapse will likely be global swift and irreversible all of us now face a choice we must learn to democratically control goliath or the next collapse may be our last an excellent survey of human history through the collapses of goliath like kings states and empires observer a comprehensive overview of societal collapse based on the analysis of dozens of cases spanning thousands of years from the paleolithic to today highly recommended peter turchin a deeply sobering and strangely inspiring history of how societies collapse and how we can still save ours read it now or your descendants will find it in the ruins johann hari

bimonthly abstracts of journal articles and monographs covers material from psychiatric literature as well as from criminological sources entries arranged in classified order author subject indexes

jean paul sartre s philosophy is an attempt to explore the fundamental structure and significance of human existence through his penetrating phenomenological analysis he has brought to light some of the unique regions of human existence the transcending character of human consciousness is the outstanding discovery of this analysis the most important role of human consciousness is for sartre its capacity to transcend into the unreal this view besides providing an insight for the appreciation of art helps to understand the most unique and complicated process of creativity in the present study dr ahmad focusing upon this peculiar role of human consciousness i e its transcendence into the unreal critically evaluates existentialist philosophy particularly sartre s

contribution to aesthetics deahenating the fundamental character and role of art in human life and society this aspect of existentialist philosophy presupposes a number of original theses concerning the nature of being consciousness historicity of human situation transcendence authenticity of man's existence freedom anguish commitment and creativity which the author has very refreshingly and critically attempted to expound examine and analyse the multidimensional aspects of these concepts and problems of human existence form an intricate network wherein one leads to the other and the author has competently shown their mutual interrelations so as to evolve an existentialist aesthetics particularly sartre's theory of art literature dr ahmad has adequately demonstrated his penetrative interpretations of sartre's philosophical concepts with the help of his literary works which makes the study all the more lucid and quite interesting sartre's literary works take on a new meaning and purpose as a result of the approach dr ahmad has established in the development of his arguments author's critical analysis of some painters beside covering the whole history of the philosophy of art is an attempt to demystify the enigmatic character of the works of art the work is of importance to any one who is interested in philosophy particularly existentialism aesthetics history of art and the contemporary art
