issues in medical ethics are rarely out of the media and it is an area of ethics that has particular interest for the general public as well as the medical practitioner this short and accessible introduction provides an invaluable tool with which to think about the ethical values that lie at the heart of medicine tony hope deals with the thorny moral questions such as euthanasia and the morality of killing and also explores political questions such as how should health care resources be distributed fairly each chapter in this book considers a different issue genetics modern reproductive technologies resource allocation mental health medical research and discusses controversial questions such as who should have access to reproductive technology who should pay is it right to fund expensive drug treatment for individuals should active euthanasia be legalized should treatment for mental illness be imposed on patients without their consent who should have access to information from genetic testing should we require consent for the use of dead bodies or organs in medical research about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

anthony hope s swashbuckling romance transports his english gentleman hero rudolf rassendyll from a comfortable life in london to fast moving adventures in ruritania a mythical land steeped in political intrigue rassendyll bears a striking resemblance to rudolf elphberg who is about to be crowned king of ruritania when the rival to the throne black michael of strelsau attempts to seize power by imprisoning elphberg in the castle of zenda rassendyll is obliged to impersonate the king to uphold the rightful sovereignty and ensure political stability rassendyll

endures a trial of strength in his encounters with the notorious rupert of henzau and a test of a different sort as he grows to love princess flavia five times filmed the prisoner of zenda has been deservedly popular as a classic of romance and adventure since its publication in 1894

hope fear is a selection of speeches and writings by tony leon former leader of the democratic alliance da and its predecessor the democratic party dp it records a period in which leon took the party from the edge of political extinction to the centre of political debate and massively increased voter support leon speaks and writes with style insight and candour on the critical issues involved in south africa s transition from apartheid to democracy including constitutional issues the nature of modern liberalism the power of the african national congress and justice and policing economic liberation higher education and the challenge of rapid urbanisation the entries in the book were selected and edited by professor david welsh retired professor of african studies at the university of cape town and the book includes a foreword by distinguished parliamentarian helen suzman

this book is a true description of a man who got lost in a sea of alcohol his story reflects upon the brutal honesty of a man in total denial of who he was and what he had become and his journey back to his friends and family you will experience through reading this book the humility the tears and the joy of his journey and being accepted back into the world he was trying to escape from we hope this book will reach out to others who have lost all hope and inspire them to get up shake themselves down and ask for help tony asked for help and still today he says he cant do life on his own he accepts that he can never drink again and his last drink can be his last drink a day at a time tonys message to you is when you are saying to yourself why me why me think to yourself well why not

patients who are at the end of life can often feel hopelessness and despair this book enables those who provide spiritual care to cultivate hope in patients beyond hope for a cure using a framework of the different dimensions to hope the book suggests creative spiritual care that can help patients prepare for the best possible end of life

issues in medical ethics are rarely out of the media and it is an area of ethics that has particular interest for the general public as well as the medical practitioner this short and accessible introduction deals with moral questions such as euthanasia as well as asking how health care resources can be distributed fairly
