a fresh and vigorous appreciation of the intellectual liberation and artistic triumphs of the italian renaissance the development of the first universities from the 12th century onwards growing wealth and patronage in certain cities and above all the invention of printing and cheap paper provided essential conditions for the renaissance and it was in literature and scholarship that it began in the rebirth of classical culture that loosened the church s iron grip on visual art paul johnson tells the story in turn of renaissance literature sculpture building and painting despite the critical importance of inventions outside italy printing in germany and oil painting in holland he locates the renaissance firmly in italy and in florence above all between 1400 and 1560 there are memorable sketches of the key figures the frugal and shockingly original donatello the awesome michelangelo the delicacy of giovanni bellini the final part of the book charts the spread and decline of the renaissance as the catholic church repositioned itself to counter the reformation which the renaissance had itself helped to produce

the renaissance is one of the most celebrated periods in european history but when did it begin when did it end and what did it include traditionally regarded as a revival of classical art and learning centred upon fifteenth

century italy views of the renaissance have changed considerably in recent decades the glories of florence and the art of raphael and michelangelo remain an important element of the renaissance story but they are now only a part of a much wider story which looks beyond an exclusive focus on high culture beyond the italian peninsula and beyond the fifteenth century the oxford illustrated history of the renaissance tells the cultural history of this broader and longer renaissance from seminal figures such as dante and giotto in thirteenth century italy to the waning of spain s golden age in the 1630s and the closure of the english theatres in 1642 the date generally taken to mark the end of the english literary renaissance geographically the story ranges from spanish america to renaissance europe s encounter with the ottomans and far beyond to the more distant cultures of china and japan and thematically under gordon campbell s expert editorial guidance the volume covers the whole gamut of renaissance civilization with chapters on humanism and the classical tradition war and the state religion art and architecture the performing arts literature craft and technology science and medicine and travel and cultural exchange

the renaissance during the middle ages the nations of europe forged new identities that moved them away from the lost glory of the roman empire into their own ethnicity the experience of maturation was often clumsy and out of step an evolutionary process that saw the nation s developing at their own pace as they struggled to replace the protection of rome with their own home grown strength what the nations once they were ready to be described in that manner did have was the roman catholic church which defined itself as the spiritual protector of christian believers but the dutiful christians of the middle ages who sought orthodoxy and for the most part obeyed the papal rules underwent a change when the middle ages ended the renaissance or rebirth was a period of time when europeans began to question what they had been told was sacrosanct through art

inventions science literature and theology the separate nations of the european continent sought answers that the roman catholic church was unwilling or perhaps unable to offer inside you will read about the rebirth of europe the italian renaissance the french renaissance the spanish renaissance the german renaissance the low countries renaissance the english renaissance here be dragons exploring the unknown the church that had become a powerful political entity was viewed with distrust and skepticism by many christians the spread of learning that accompanied the invention of gutenbergs printing press meant that bold new ideas were traveling across the boundaries of europe faster than the church could silence them lascivious power brokering popes could not bring a halt to the challenges they encountered when a german priest rebelled against corrupt practices that masqueraded as ecclesiastical authority as the walls came tumbling down humanism burst forth inspiring the art of michelangelo the science of vesalius the literature of shakespeare and cervantes but with the loss of religious uniformity came terrible conflicts france suffered the st bartholomew s day massacre spain welcomed the inquisition to purge heresy the low countries were split between catholic and protestant the renaissance was a triumph of the human spirit and a confirmation of human ability even as it affirmed the willingness of men and women to die for the right to think freely

the third volume in the award winning a cultural history of ideas explores the ways in which distinctively renaissance ideas and a distinctively renaissance culture emerged from the complex interaction of ancient and medieval influences

examining the careers of the greatest figures of the age montaigne galileo jonson descartes hooker shakespeare and cervantes among many others bouwsma perceives in their work a growing sense of doubt

and anxiety about the modern world he considers first those features of modern european culture generally associated with the traditional renaissance features which reached their climax in the late sixteenth and early seventeenth centuries but even as the movements of the renaissance gathered strength simultaneous impulses operated in a contrary direction bouwsma identifies a growing concern with personal identity shifts in the interests of major thinkers a decline in confidence about the future and a heightening of anxiety

pater s first major work a study of kindred spirits in love of beauty criticized as a demoralizing moralizer jim kepner oscar wilde s favorite book by pater greif page 157 includes essays on pico della mirandola michelangelo da vinci and winckelmann

an introduction to the italian high renaissance and the works of the artists leonardo da vinci michelangelo and raphael

the renaissance examines europe in the fifteenth and sixteenth centuries exploring the beginning of the renaissance its influence on monarchies and governments links with the reformation as well as the topics of scientific discovery and overseas exploration in the period with narrative introductions expositions of the views of major historians interpretations analysis and a range of primary sources the renaissance offers students a concise introduction to the subject and a useful study aid

this authoritative study by a distinguished scholar presents a brilliant panorama of italian renaissance life explaining how and why the period constituted a cultural revolution it traces the influences of classical antiquity on the age s thinkers and artists and chronicles the revival of humanism the conflict between church and

empire and the rise of both the modern state and the modern individual

the story of the long renaissance for a new generation from giotto and dante in thirteenth century italy to the english literary renaissance in the first half of the seventeenth century

none of his successors not even cesare borgia rivalled the colossal guilt of ezzelino proposes the author

in this study peter burke distances himself from the traditional interpretation of the renaissance as essentially italian self consciously modern and easily separable from the middle ages he emphasises the survival of medieval traditions and the process of the creative adaptation of classical forms and values to their new cultural and social contexts in italy and elsewhere in europe the story is carried down to the seventeenth century and the diffusion and disintegration of what had once been a coherent movement illustrated with black and white plates this edition has been updated throughout to take account of recent scholarship has a fully revised bibliography and will provide the student with a stimulating introduction to the subject
