this revised and updated handbook features a selection of essay style book reviews by carol tavis written for the times literary supplement the chronicle of higher education american scientist and the new york times book review these reviews apply psychological research and principles of scientific thinking to ideas presented in the books they aim to show how critical thinking can help people assess arguments promoted in the popular culture and how to separate those that are scientifically sound from those based on psychobabble pop psych notions dressed up in fancy sciency sounding language these essays may be used to encourage debate in the classroom or as a basis for student papers students can be asked to write or present their own points of view on a topic drawing on other research and the guidelines of critical thinking defined and described in a prefatory note to the reader to support their conclusions although these reviews can be used in many social science and composition courses the topics covered and the critical thinking guidelines that apply to them correspond to specific material in carole wade and carol tavis s psychology and invitation to psychology

this landmark book san francisco chronicle dispels the common myths about the causes and uses of anger as dr carol tavis expertly examines every facet of that fascinating emotion from genetics to stress to the rage for justice social psychologist dr carol tavis explores myths around anger ideas such as expressing anger is always good for you suppressing anger is always unhealthy or that women have special anger problems that men do not and provides a helpful guide on how to use anger constructively and how to diminish anger without being aggressive or hostile fully revised and updated anger now includes a new consideration of biological politics should testosterone or pms excuse rotten tempers or aggressive actions the five conditions under which anger is likely to be effective and when it s not strategies for solving specific anger problems chronic anger dealing with difficult people repeated family battles anger after divorce or victimization and aggressive children

become a more effective and powerful communicator in today's highly polarized and polluted public square the most pressing problem we face today is not climate change it is pollution in the public square where a toxic smog of adversarial rhetoric propaganda and polarization stifles discussion and debate creating resistance to change and thwarting our ability to solve our collective problems in this second edition of *i'm right and you're an idiot* james hoggan grapples with this critical issue through interviews with outstanding thinkers and drawing on wisdom from highly regarded public figures featuring a new radically revised prologue afterword and a new chapter addressing the changes in the public discourse since the 2016 united states election his comprehensive analysis explores how political will is manipulated how tribalism shuts down open minded thinking undermines trust and helps misinformation thrive why facts alone fail and how language is manipulated and dissent silenced the importance of dialogue empathy and pluralistic narrative reframing arguments to create compelling narratives and spur action our species greatest survival strategy has always been foresight and the ability to leverage intelligence to overcome adversity for too long now this capacity has been threatened by the sorry state of public discourse focusing on proven techniques to foster more powerful and effective communication *i'm right and you're an idiot* will appeal to readers looking for deep insights and practical advice in these troubling times

new york times bestseller a refreshingly real people guide to menopause and aging by beloved actress naomi watts one of the leading voices in menopause awareness with a foreword by mary clare haver md author of the new menopause this book will resonate with women everywhere seeking guidance solidarity and the reassurance that they are not alone in their journey dr lisa mosconi author of the menopause brain at thirty six naomi watts had just completed filming king kong and was trying to start a family when she was told that she was on the brink of menopause it is estimated that seventy five million

women in the united states are currently dealing with menopause symptoms dry itchy skin raging hormones night sweats and yet the very word menopause continues to be associated with stigma and confusion with so little information many women feel unprepared ashamed and deeply alone when the time comes this is the book naomi watts wishes she had when she first started experiencing symptoms like sitting down over coffee and having an intimate chat with your girlfriend dare i say it blends funny and poignant stories from naomi and her friends with advice from doctors hormone experts and nutritionists to take the secrecy and shame out of menopause and aging answering questions such as what s hormone therapy and should i be on it will i ever sleep again will i get myself back what happened to my libido do i need eighteen serums for my aging skin whose body is this anyway who am i now naomi watts shares the most up to date research on how to manage menopause symptoms and tackle the physical and emotional challenges we encounter as we age irreverent bold and reassuring dare i say it is the companion every woman needs to embrace the best version of herself as she moves into what can be the most powerful and satisfying period of her life

this edited collection addresses the institutional context and social issues in which teaching the women s studies introductory course is embedded and provides readers with practical classroom strategies to meet the challenges raised the collection serves as a resource and preparatory text for all teachers of the course including experienced teachers less experienced teachers new faculty and graduate student teaching assistants the collection will also be of interest to educational scholars of feminist and progressive pedagogies and all teachers interested in innovative practices the contributors discuss the larger political context in which the course has become a central representative of women s studies to a growing although less feminist identified population increased enrollments and changes in student population are noted as a result in part of the

popularity of introduction to women's studies courses in fulfilling gender and diversity requirements new forms of student resistance in a climate of backlash and changes in course content in response to internal and external challenges are also discussed evidence is provided for an emerging paradigm in the conceptualization of the introductory course as a result of challenges to racism heterosexism and classism in women's studies voiced by women of color and others in the 1980s and 1990s sensationalist charges that women's studies teachers including those who teach the introduction to women's studies course are the academic shock troops of a monolithic feminism are challenged and refuted by the collection's contributors who share their struggles to make possible classrooms in which informed dialogue and disagreement are valued

this selection of opinion essays and book reviews by carol tavis written for the los angeles times the new york times scientific american and other publications applies psychological research and principles of scientific and critical thinking to issues in the news as readers work their way interactively through the essays thinking through the author's position and their own on the various issues they engage and strengthen their critical thinking skills e.g. asking questions and wondering defining terms examining the evidence analyzing assumptions and biases one's own and those of others avoiding emotional reasoning not oversimplifying considering other interpretations and tolerating uncertainty focuses on important areas such as science vs pseudoscience controversies in child development the politics and science of gender research applying psychology to social issues and mental disorder and treatment individual essay topics include for example the popularity of predictions thinking critically about alternative medicine thinking critically about mystical messages the working mother debate how much influence do mothers have how much influence do parents have how critical are the first years of life the interpretation of differences the paradox of gender biological politics and the study of gender emotional epidemics and their

consequences the daycare sex abuse scandals adolescent violence the limits of medication and thinking critically about psychotherapy for anyone who wants to explore the psychological basis of current popular culture issues and to engage in and strengthen the critical thinking skills

for undergraduate introductory courses in psychology in this brief thirteen chapter text authors carole wade and carol tavis draw upon their years of writing experience both for academic and lay audiences and on their years of teaching at two and four year schools in order to invite students into a lively and relevant exploration of psychology with invitation to psychology students gain the skills they need to become successful critical and scientific thinkers and actively bring these skills to bear on important matters in their own lives

this book opens a new frontier in understanding nonviolence discussions of peace and nonviolence usually focus on either moral theory or practical dimensions of applying nonviolence in conflict situations teaching peace carries the discussion of nonviolence beyond ethics and into the rest of the academic curriculum this book isn't just for religion or philosophy teachers it is for all educators teaching peace begins with a discussion rooted in christian theology where nonviolence is so central and important but it is clear that there are other paths to nonviolence and that one certainly doesn't have to be a christian to practice nonviolence the pieces that follow therefore show how a nonviolent perspective impacts disciplines across the curriculum from acting to biology to mathematics to psychology

compiles a variety of approaches among them scientific research reports theoretical discussions and phenomenological descriptions of women's lives also includes an analysis of social cultural and historical influences on individual psychology and highlights women whose lives are under represe

for one semester introductory psychology courses in both two and four year colleges in addition to presenting a comprehensive and truly engaging overview of the diverse field of psychology wade and tavis psychology seventh edition goes further through a careful and systematic presentation modeling and reinforcement of good scientific and critical thinking wade and tavis aim is to help your students assess and understand matters of direct relevance to their own health well being and happiness indeed helping your students become good scientific and critical thinkers is wade and tavis most passionate concern

two distinguished psychologists look at the role of self justification in human life explaining how and why we create fictions that absolve us of responsibility and restore our belief in our intelligence moral rectitude and correctness assess the potential repercussions of such a course of action and reveal how it can be overcome reprint

designed to help students learn critical thinking skills through interactive features and exercises emphasizing informal topics this text includes coverage of emotions and selection of readings

this classic thematic reader contains over a hundred reading selections an intriguing collection of photographs and art comprehensive treatment of critical reading and writing analyses of professional writing and expanded coverage of argument

designed for use in courses on gender and sex roles offered in sociology psychology and women s studies this book gives an organizational perspective by devoting equal coverage to men s and women s concerns in a developmental or life cycle framework thorough updated treatment of gender roles in single parent families and among the elderly is included plus the latest information about men and women in occupations percentages salaries types of discrimination and in

politics the gender gap women in political elites policy questions

the first anthology ever published for use in the theology of marriage course this comprehensive text offers selections on a broad range of topics including marriage in historical perspective contemporary theological perspectives on marriage as a sacrament commitment and fidelity attitudes toward sexuality communication and conflict divorce and annulment and inter religious perspectives on marriage an appendix reprints ecclesiastical documents on marriage and the editors introductions to chapters and to individual readings enhance the accessibility of the text
