the first translation of a previously unknown aztec codex and its initiatory teachings for 2012  
discloses the potential for great spiritual awakening offered at the end of the aztec calendar cycle  
presents the only existing english language transcription of the aztec codex with line by line  
commentary contains the epic poetry and metaphysical insights of beat poet marty matz 1934 2001  
in 1961 an unknown aztec codex was revealed to beat poet and explorer marty matz by a mazatec  
shaman in the mountains of oaxaca mexico originally intended for dramatic performance this  
codex presents a profound metaphysical teaching describing how the end of time will bring about  
a visionary ascent at the behest of his mazatec teacher matz transcribed this pictorial codex into  
a literary form that would preserve its initiatory teachings and reveal its secret meanings to a  
wider audience pyramid of fire is an epic poem that provides a vehicle to transport the initiate into  
the higher realms of consciousness it represents a barely surviving thread of teachings that have  
been passed down in secret since the time of the spanish conquest revealed are the techniques  
by which man is transported to the stellar realm after death via the solar energy within what the  
ancients called the serpent of consciousness line by line commentary by matz and john major  
jenkins provides insights into the perennial philosophy contained in the codex and its relevance to  
our times

lost scrolls explores the profound impact of destroyed hidden and rediscovered ancient texts on shaping our understanding of history religion and philosophy it argues that gaps in our knowledge caused by the loss or suppression of key documents have significantly influenced historical narratives and religious teachings the book emphasizes the importance of examining these lost texts to gain a more complete and nuanced view of human history and belief systems challenging accepted truths by uncovering alternative perspectives for example the burning of the library of alexandria represents a monumental loss of knowledge while the concealment of the dead sea scrolls highlights the deliberate attempt to hide information the book uniquely focuses on the impact of these lost texts rather than simply describing them it investigates how these absences have shaped historical developments religious interpretations and philosophical thought structured around themes like the destruction of knowledge deliberate concealment and rediscovery of wisdom the book progresses from examining events like the eradication of pre columbian codices to exploring the rediscovery and impact of texts such as the gospel of mary magdalene by drawing upon archaeological findings textual analysis and historical accounts lost scrolls bridges history religion and philosophy in an accessible manner encouraging critical evaluation of information and dominant narratives
