the research of professor j d roberts has interested me for several years it has interested me because he has been working in a really rich area of intellectual history even before professor whitehead taught us to speak of the seventeenth century as the century of genius many of us looked with wonder on the creativity of the men who produced religious and philosophical literature in that period of contro versy and of power it was in a most unusual way a flowering time of the human spirit the present volume is devoted to one fascinating chapter in the history of ideas we know now far better than we knew a generation ago how incendiary puritan ideas really were they had tremendous consequences many of which continue to this day in spite of the absurd caricature of puritanism which is popularly accepted the best of milton s contemporaries were great thinkers as well as great doers

a major contribution to our understanding of the english revolution ann hughes professor of early modern history keele university john goodwin 1594 1665 was one of the most prolific and controversial writers of the english revolution his career illustrates some of the most important intellectual developments of the seventeenth century educated at queens college cambridge he became vicar of a flagship puritan parish in the city of london during the 1640s he wrote in defence of the civil war the army revolt pride s purge and the regicide only to turn against cromwell in 1657 finally repudiating religious uniformity he became one of england s leading tolerationists this richly contextualised study the first modern intellectual biography of goodwin explores the whole range of writings produced by him and his critics amongst much else it shows that far from being a maverick individualist goodwin enjoyed a wide readership pastored one of london s largest independent congregations and was well connected to various networks hated and admired by anglicans presbyterians and levellers he provides us with a new perspective on contemporaries like richard baxter and john milton it will be of special interest to students of puritanism the english revolution and early modern intellectual history john coffey is professor of early modern history at the university of leicester
