proceedings of spie present the original research papers presented at spie conferences and other high quality conferences in the broad ranging fields of optics and photonics these books provide prompt access to the latest innovations in research and technology in their respective fields proceedings of spie are among the most cited references in patent literature

from robyn cadwallader author of the internationally acclaimed novel the anchoress comes a deeply profound and moving novel of the importance of creativity and the power of connection told through the story of the commissioning of a gorgeously decorated medieval manuscript a book of hours london 1321 in a small shop in paternoster row three people are drawn together around the creation of a magnificent book an illuminated manuscript of prayers a book of hours even though the commission seems to answer the aspirations of each one of them their own desires and ambitions threaten its completion as each struggles to see the book come into being it will change everything they have understood about their place in the world in many ways this is a story about power it is also a novel about the place of women in the roiling and turbulent world of the early fourteenth century what power they have how they wield it and just how temporary and conditional it is rich deep sensuous and full of life book of colours is also most movingly a profoundly beautiful story about creativity and connection and our instinctive need to understand our world and communicate with others through the pages of a book robyn cadwallader fashions words with the same delicate colourful intensity

that her 14th century illuminators brought to their illustrated manuscripts book of colours brings alive a harsh but rich past filled with the fantasies fears sly wit and tender longings of the medieval imagination sarah dunant book of colours shows the depth of possibility a book might hold all the while shimmering with the beauty and fragility of an ancient gilded page eleanor limprecht extraordinary a real sensory experience suffused with colours abc radio national the bookshelf praise for the anchoress so beautiful so rich so strange unexpected and thoughtful also suspenseful i loved this book elizabeth gilbert author of eat pray love affecting finely drawn a considerable achievement sarah dunant new york times elegant and eloquent irish mail cadwallader s writing evokes a heightened attention to the senses you might never read a novel so sensuous yet unconcerned with romantic love for this alone it is worth seeking out but also because the anchoress achieves what every historical novel attempts reimagining the past while opening a new window like a squint perhaps to our present lives sydney morning herald a novel of page turning grace newtown review of books

if you think your job is hopelessly difficult you may be right particularly if your job is public administration those who study or practice public management know full well the difficulties faced by administrators of complex bureaucratic systems what they don t know is why some jobs in the public sector are harder than others and how good managers cope with those jobs drawing on leadership theory and social psychology erwin hargrove and john glidewell provide the first systematic analysis of the factors that determine the inherent difficulty of public management jobs and of the coping strategies employed by successful managers to test their argument hargrove and glidewell focus on those jobs fraught with extreme difficulties impossible jobs what differentiates impossible from possible jobs are 1 the publicly perceived legitimacy of the commissioner s clientele 2 the intensity of the conflict among the agency s constituencies 3 the public s confidence in the authority of the commissioner s profession and 4 the strength of the agency s myth or long term idealistic goal hargrove and glidewell flesh out their analysis with six case studies that focus on the roles played by leaders of specific agencies each essay summarizes the institutional strengths and weaknesses specifies what makes the job impossible and then compares the skills and strategies that incumbents have employed in coping with such jobs readers will come away with a thorough understanding of the conflicting social psychological and political forces that act on commissioners in impossible jobs

for years many citizens have complained that our national government is fettered by legions of inefficient unaccountable feather nesting lawyers these critics might be right about the numbers there are nearly 40 000 lawyers employed by the federal government in every branch and at every level but most of these professionals fulfill functions that are

essential to or extremely valuable in running the machinery of government in this volume cornell clayton and eight other authorities on public law and legal agencies explore the role that politics play in this federal legal bureaucracy especially within the executive branch they provide insights into the historical development present status future trends and interrelations among the offices of the attorney general solicitor general special prosecutor white house legal counsel office of legal counsel and counsels in regulatory agencies like the epa and the eeoc all the essays highlight a common theme the perpetual tensions and conflicts between executive branch politics and the profession s principled independence readable and enlightening these essays add much to our understanding of and remove some of the tarnish from this elite corps of legal experts they should benefit anyone interested in the legal profession presidential politics administrative law public policy and bureaucratic politics in our nation s capital

the images of the fall of the berlin wall in 1989 and of the silent revolution in eastern europe have become symbols of political transformation over the end of the 20th century attempts were also made in other regions of the world to transform authoritarian regimes and planned economies into market based democracies managing this change is one of the greatest political challenges of our time the experiences since 1980 however constitute a vast body of knowledge for leaders who will confront similar challenges in the future this text presents criteria for the evaluation of the transformation processes toward democracy and a market economy with comparative country surveys of poland hungary slovenia south korea taiwan and uruguay the authors also provide criteria for evaluating development processes such as overcoming structural underdevelopment strengthening the rule of law and creating a civil society with related surveys of bolivia mali and mauritius

this is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas the book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial strategies usually motivated by perceived threats to widely held world views and identities
