in literary theory the philosophy of law and the sociology of knowledge no issue has been more central to current debate than the status of our interpretations do they rest on a ground of rationality or are they subjective impositions of a merely personal point of view in doing what comes naturally stanley fish refuses the dilemma posed by this question and argues that while we can never separate our judgments from the contexts in which they are made those judgments are nevertheless authoritative and even in the only way that matters objective he thus rejects both the demand for an ahistorical foundation and the conclusion that in the absence of such a foundation we reside in an indeterminate world in a succession of provocative and wide ranging chapters fish explores the implications of his position for our understanding of legal literary and psychoanalytic interpretation the nature of professional and institutional culture and the place of reason in a world that is rhetorical through and through publisher description

a long awaited history that promises to dramatically change our understanding of race in america what comes naturally traces the origins spread and demise of miscegenation laws in the united states laws that banned interracial marriage and sex most often between whites and members of other races peggy pascoe

demonstrates how these laws were enacted and applied not just in the south but throughout most of the country in the west the north and the midwest beginning in the reconstruction era when the term miscegenation first was coined she traces the creation of a racial hierarchy that bolstered white supremacy and banned the marriage of whites to chinese japanese filipinos and american indians as well as the marriage of whites to blacks she ends not simply with the landmark 1967 case of loving v virginia in which the supreme court finally struck down miscegenation laws throughout the country but looks at the implications of ideas of colorblindness that replaced them what comes naturally is both accessible to the general reader and informative to the specialist a rare feat for an original work of history based on archival research

vol for 1867 includes illustrated catalogue of the paris universal exhibition

harper s informs a diverse body of readers of cultural business political literary and scientific affairs

the essential guide for the executive who wants to give his or her career a special boost with that something extra grace and style includes advice on doing business in foreign countries restaurant meeting etiquette telephone manners proper letter writing and more

includes proceedings of member institutes of the society and of the society s science congress
