mongolian grammar for beginners is a comprehensive yet accessible introduction to the intricacies of the mongolian language designed for language enthusiasts and travelers alike this guide breaks down the essential grammatical structures offering clear explanations and practical examples readers will explore the unique features of mongolian including its rich vowel harmony agglutinative nature and the use of cyrillic script each chapter is filled with engaging exercises to reinforce learning along with cultural insights that enhance the educational experience whether you are preparing for a trip to mongolia or simply looking to expand your linguistic repertoire this book serves as an invaluable resource with user friendly layouts and helpful tips mongolian grammar for beginners is the perfect companion on your journey to mastering this fascinating language

mongolian is the principal language spoken by some five million ethnic mongols living in

outer and inner mongolia as well as in adjacent parts of russia and china the spoken language is divided into a number of mutually intelligible dialects while for writing two separate written languages are used cyrillic khalkha in outer mongolia the republic of mongolia and written mongol in inner mongolia p r china in this grammatical description the focus is on the standard varieties of the spoken language as used in broadcasting education and everyday casual speech the dialectology of the language and its background as a member of the mongolic language family are also dicussed mongolian is an agglutinating language with a well developed suffixal morphology in the areal framework the language is a typical member of the trans eurasian ural altaic complex with features such as vowel harmony verb final sentence structure and complex chains of non finite verbal phrases

this book is written to provide the mongolian language students a reference book of english explanations for the mongolian grammar system each area of grammar is explained in simple english and then several examples are given there are significant differences between spoken mongolian and written mongolian we will attempt to point out the grammatical differences as we study them if the mongolian language teacher uses this book when teaching mongolian grammar it will help them give good english explanations even though the teacher may not know the english grammar terms the teacher can use this book because we have given the english and mongolian grammatical terms it is our hope that this book will help the beginning middle and advanced mongolian language learners in addition to those that are studying the differences between the mongolian and english languages i would like to thank all my mongolian language teachers and especially t uranchimeg and p yandii for their help in writing this book

once the rulers of the largest land empire that has ever existed on earth the historical mongols of chinggis khan left a linguistic heritage which today survives in the form of more than a dozen different languages collectively termed mongolic for general linguistic theory the mongolic languages offer interesting insights to problems of areal typology and structural change an understanding of the mongolic language family is also a prerequisite for the study of mongolian and central eurasian history and culture this volume is the first comprehensive treatment of the mongolic languages in english written by an international team of specialists

no detailed description available for linguistics in east asia and south east asia

tuvan is one of the archaic turkic languages a powerful mongolic influence means that it possibly also has more mongolic elements than other turkic languages results of the present work are based on a database of approximately 1500 mongolic loanwords after confirming the mongolic origin of these words in tuvan etymological phonetical and morphological aspects are listed to assure when and from which mongolian language the loanword was taken the study demonstrates the powerful mongolic influence on tuvan and establishes what linguistic criteria are available to characterize and classify the mongolic loanwords accordingly an earlier and a later layer are distinguished the later layer further comprises three groups of loanwords the buryat khalkha and oirat ones
