describes the similarities and differences between the community colleges and their equivalent in 23 countries around the world provided by publisher

american community colleges represent a true success story with their multiple missions they have provided access and opportunity to millions of students but community colleges are held accountable for their services and must be able to show that they are indeed serving their variety of students appropriately this volume speaks of the multiplicity of data required to tell the community college story the authors explore and detail how various sources workforce data market data state level data federal data and of course institutional data such as transcript files all have something to say about the life of a community college much like an orchestral score where the different parts played by individual instruments become music under the hands of a conductor these data can be coordinated and assembled into a message that answers questions of student success and institutional effectiveness this is the 153rd volume of this jossey bass quarterly report series always timely and comprehensive new directions for institutional research provides planners and administrators in all types of academic institutions with guidelines in such areas as resource coordination information analysis program evaluation and institutional management

while community colleges promote american ideals of democracy opportunity and social mobility they provide a vital accessible and affordable education for nearly 12 million first generation economically disadvantaged and minoritized students are engines of local workforce and economic development and enroll nearly half of all students who go on to complete a four year degree they remain the least resourced and the least funded institutions in the united states offering the insights of the former president of greenfield community college located in massachusetts s poorest rural county who was a national leader in community college and higher education organizations as well as closely involved with local businesses and organizations and commentary and background data provided by professor of higher education and chair of the department of leadership in education at the university of massachusetts boston this book addresses the challenges that community colleges face as they strive to achieve their complex missions in a changing world by providing vivid accounts of the diversity of students that community colleges serve the complexity of their missions from dual enrollment with high schools to vocational training adult education and transfer to four year colleges and the role they play in supporting and responding to the needs of local business as well in regional economic development the authors make the case for increased investment while at the same time making apparent to all stakeholders from policy makers and trustees to college leaders faculty and staff how they can contribute to the vital development of human capacities community colleges are open access train nearly 80 of all first responders graduate more than half of new nurses and health care workers and have a history of nimbleness and responsiveness to community needs and can play a vital role in training for tomorrow s jobs over 60 of which will in the next decade require some college education the first four chapters set the scene demonstrating the key foundational linkage between education community and democracy presenting a history of the community college movement illustrating what s involved in building strong and reciprocal community relationships and covering a whole panoply of leadership issues such as governance institutional culture facilities planning resource development accreditation and crisis management the second part of the book presents bob pura s accounts of his visits to five community colleges each representing different geographic regions institutional size urban and rural locations and how they respond to the varied racial and ethnic populations from they draw their students and establish themselves as anchors in their communities as well as offering an important message to state and federal policy makers this book serves as a roadmap for aspiring leaders of community colleges as well as a text for leadership and higher education courses college leaders may find it useful for internal training and learning community groups a co publication with aac u

the breadth and depth of this book is unequalled the chapter on the community college s role in the achievement gap is must reading for the next generation of community college executives ned doffaney chancellor north orange county community college

also known as free tuition and free college programs college promise programs are an emerging approach for increasing higher education attainment of people in particular places to maximize the effectiveness of their efforts and investments program leaders and policymakers need research based evidence to inform program design implementation and evaluation with the goal of addressing this knowledge need this volume presents a collection of research studies that examine several categories and variations of college promise programs these theoretically grounded empirical investigations use varied data sources and analytic techniques to examine the effects of college promise programs that have different design features and operate in different places individually and collectively the results of these studies have implications for the design and implementation of promise programs if these programs are to create meaningful improvements in attainment for people from underserved groups the authors efforts also provide a useful foundation for the next generation of college promise research

this book seeks to explore thematic and pragmatic applications of financing the community college to help facilitate educational reform to assist efforts related to internationalization and to

create systemic support systems to maintain the mission

co published with the association for american colleges and universities aac u the handbook of practice and research in study abroad is a comprehensive survey of the field each chapter eloquently conveys an enthusiasm for study abroad alongside a critical assessment of the most up to date research theory and practice

readers are encouraged to consider fundraising an essential component of their future as student affairs professionals chapter topics discussed include the context for development work in student affairs getting started in student affairs development student affairs and alumni relations fundraising for student affairs at comprehensive institutions entrepreneurialism in student affairs the eckerd college waterfront program story more than an open door deploying philanthropy to student access and success in american community colleges suggestions for the path ahead student affairs divisions need to find ways to support themselves and move toward self reliance and self determination the most important aspect of student affairs practice will always be in the context of institutional frameworks and mission and it will always be characterized as a collaborative partnership with others however the best of student affairs operations will at the same time be characterized as self sufficient carrying their own weight a goal best accomplished through a commitment to development work and fundraising this volume aims to help student affairs professionals realize that goal this is the 130th volume of the jossey bass higher education quarterly report series new directions for student services an indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals new directions for student services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual
