this concise text covers both classical and contemporary social thought it traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory the treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life

annotation in this fundamental contribution to the study and application of sociological theory wallace examines a wide range of theories within a framework that clarifies their interrelationships and illustrates their implications for empirical research wallace is able to point out the symbiotic relationships among these theories which at first may appear to be in direct opposition or at least

discord sociological theory begins with an original essay by the editor that introduces the reader to eleven general theoretical viewpoints he calls these ecologism demographism materialism psychologism technologism functional structuralism exchange structuralism conflict structuralism symbolic interactionism social actionism and functional imperativism to do this wallace assembles selected readings by major theorists that provide detailed examples of each of the theoretical viewpoints discussed the selections are keyed to the framework developed in the introduction so as to enable the reader to work back and forth between the general and the particular statements offering far more than a mere survey or an abstract critical analysis in this way sociological theory provides a learning matrix that facilitates comprehension and enables the reader systematically to expand his knowledge of sociological theory in developing his analytical framework wallace points out how these different types of theory complement rather than conflict with one another through this approach he is able to show the distinctive level and scope of analysis of each theory to demonstrate why the sociologist must draw upon and integrate several viewpoints for interpreting research results and formulating hypotheses a useful guide and reference work for researchers and teachers the book is an excellent basic or supplementary text for all theory courses as robert k merton noted at the time of the original publication sociological theory is a beautiful piece of work

in the third edition of ken allan s highly praised contemporary social and sociological theory book sociological theories and theorists are explored using a straightforward approach and conversational jargon free language filled with examples drawn from everyday life this edition highlights diversity in contemporary society exploring theories of race gender and sexuality that address some of today s most important social concerns through this textbook students will learn to think theoretically and apply to their own lives

rather than a work of theory itself explorations in classical sociological theory seeing the social world is an insightful work that invites students to think creatively reflexively and critically about their social worlds written in a conversational tone that lifts the veil of theoretical jargon explorations in classical sociological theory introduces students to the major classical theorists including marx spencer durkheim weber simmel mead schutz gilman and du bois this text focuses on the individual perspective of each theorist rather than schools of thought and uses the provocative ideas of modernity and postmodernity to help students understand how the theoretical historical perspectives apply to their own time period

the revised third edition of the text that combines classical and contemporary theories of sociological theory thoroughly revised and updated the third edition of an introduction to sociological theory offers an in depth introduction to classical and contemporary theories and demonstrates their relevance to offer a clear understanding of a broad range of contemporary issues and topics as with the previous editions the text continues to combine carefully selected primary quotations from a broad range of theorists with extensive discussion and illustrative examples from a diverse range of countries helpful timelines of important and thematically relevant events biographical notes contemporary topic boxes analytical photos and chapter glossaries the text addresses topics such as the persistence of economic and social inequality brexit post truth society same sex marriage digital surveillance and the on demand gig economy written in an engaging style introduction to sociological theory offers a comprehensive introduction to the pluralistic breadth and wide ranging applicability of sociological theory this updated edition of the authoritative text contains both

classical and contemporary theories in a single text builds on excerpts from original theoretical writings with detailed discussion of the concepts and ideas under review includes new examples of current empirical topics such as brexit donald trump s presidency china s growing economic power global warming intersectionality social media and much more offers additional resources including a website that contains multiple choice and essay questions a thoroughly refreshed set of powerpoint slides for each chapter with multimedia links to content illustrative of sociological processes a list of complementary primary readings a quotation bank and other background materials written for undergraduate courses in contemporary and classical sociological theory the third edition of an introduction to sociological theory continues to provide a comprehensive in depth and empirically engaging introduction to sociological theory

a concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed unlike other books of the type classical sociological theory focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life

written by award winning scholar jonathan turner contemporary sociological theory covers the range of diversity of theory in nine theoretical traditions and variants of theoretical approaches in these traditions the result is a comprehensive review of present day theorizing in sociology covering functional evolutionary ecological conflict interactionist exchange structuralist cultural and critical theories and the major proponents of these theories moreover for each theoretical tradition it origins are examined in a separate chapter with an eye to how classical theorists influenced the work of key contemporary scholars this book will serve as a valuable resource for those readers seeking in depth and comprehensive coverage of contemporary traditions in their historical contexts unlike many texts coverage is comprehensive and deep the theories and their origins are examined in detail so that readers can fully understand the origins and present profile of theories in present day sociology unlike many texts that skim over theories on the surface this book seeks to unlock for the reader their underlying structure of each theory the book is written in a modular format so that theories and traditions can be examined in any order and in many diverse combinations if desired only the contemporary theories can be read without attention to their historical contexts or the reverse is true if readers want to understand the historical origins of a particular theoretical tradition since jonathan turner is an active theorist in his own right he brings to the book an appreciation of how theories are created as an insider rather than as only a commentator on theory as such he is able to bring out the underlying assumptions structure and form of a theory in new and interesting ways for casual readers and scholars alike

the strengths of this text are the breadth of theories covered the integration of gender related topics3 4 family work religion the use of substantial quotes from primary texts the consistent inclusion of methodological issues i have no doubt that it will find a solid position in the field of theory texts kathleen slobin north dakota state university

this book integrates new and emerging aspects of sociological theory into a detailed treatment of theories and theorists providing students with a framework for organizing the many types of

sociological theory in this edition it is particularly concerned with outlining the changes that have taken place within sociological theory since the first edition of this book was published in the late 1960s the book is split into seven sections that identify the paradigms of sociological theory functionalism evolutionary conflict exchange interactions structural and critical the text offers an in depth analysis of each theory and it reflects their emerging maturing and continuing traditions in addition the book covers the work of key modern figures in each of the paradigms as well as their founders

there are many differences of opinion between sociologists about how best to investigate social issues and about the quality of the answers that different questions produce this book looks at a range of sociological theories from the last two hundred years taking a thematic approach that helps students to better integrate the material and to understand the significance of the individual theorists with illustrations from the work of john stuart mill emile durkheim talcott parsons karl marx karl mannheim michel foucault anthony giddens and erving goffman this book provides an accessible and comprehensive guide for introductory students of sociology and social theory

social theory has undergone dramatic changes over the past fifteen years the aim of this book is to provide a comprehensive survey of those changes and an authoritative statement on current trends of development in social thought the contents of the book range in a systematic way across the major traditions of social theory prominent today among the topics covered are the relationships between modern social theory and the classics of the late eighteenth and nineteenth centuries the connections between social theory and mathematical social science and the logical status of generalizations in the social sciences traditions of thought discussed include behaviourism symbolic interactionism parsonian theory analytical theory structuralism and post structuralism ethnomethodology structuration theory world systems theory marxism and critical theory

sociology is experiencing what can only be described as hyperdifferentiation of theories there are now many approaches competing for attention in the intellectual arena from this perspective we should see a weeding out of theories to a small number but this is not likely to occur because each of the many theoretical perspectives has a resource base of adherents as a result theories in sociology do not compete head on with each other as much as they coexist this seminal reference work was brought together with an eye to capturing the diversity of theoretical activity in sociology specifically the forefront of theory contributors describe what they themselves are doing right now rather than what others have done in the past the goal of this volume is to allow prominent theorists working in a variety of traditions who wouldn't usually come together to review their work the chapters in this volume represent a mix of theoretical orientations and strategies but these theories are diverse and represent the prominent theoretical discussions in sociology today some areas included are section i theoretical methodologies and strategies section ii the cultural turn in sociological theorizing section iii theorizing interaction processes section iv theorizing from the systemic and macrolevel section v new directions in evolutionary theorizing section vi theorizing on power conflict and change sectionvii theorizing from assumptions of rationality this handbook will be of interest to those wanting a broad spectrum and overview of late 20th early

21st century sociological theory

an examination of the major classical sociological theories relevant to education and of the rise and decline of the new sociology of education author also discusses the vexed questions of equality of opportunity the relationship between school and society the growth of educational bureaucracies and the roles of state church and family in education in australia since 1949 includes endnotes tables and index

now with sage publishing and co authored by one of the foremost authorities on sociological theory the eighth edition of modern sociological theory by george ritzer and jeffrey stepnisky provides a comprehensive overview of the major theorists and theoretical schools from the structural functionalism of early 20th century through the cutting edge theories of the late 20th and early 21st centuries the integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of contemporary thinkers new to this edition a new chapter focuses theories of race racism and colonialism as well as theories about indigenous peoples and theories from the global south that challenge the work of scholars from europe and north america new material on colonialization classical women theorists and race as well as new timelines in history chapters the chapter on symbolic interactionism now discusses work on the sociology of emotions the concluding chapter now discusses affect theory and theories of presumption one of the newest developments in consumer theory the chapter on contemporary theories of modernity includes new section on the work of charles taylor new perspectives on the work of immanuel wallerstein have been added to the chapter on neo marxian theories the opening historical sketch chapters now include a discussion of colonialism as one of the forces that shaped modern society new material on the historical significance of early women founders and a section on theories of race

enthält volume 1 from the 1850s to the 1920s volume 2 from the 1920s to the 1960s volume 3 development since the 1960s

now published by sage this scholarly text covers the first one hundred years of sociological theorizing from 1830 1930 focusing primarily on comte spencer marx weber simmel durkheim and mead the text provides an in depth examination of these early sociological theorists with biographical background analysis of key works major influences critical insights and also answers the question what do these ideas tell us about the basic forces that shape the social world posing this question for each theorist adds a unique perspective to the text and distinguishes it from other sociological theory books in addition it also includes material on the enduring models and principles of the theorists work that continue to inform sociological theory today
