telecommunication services provides a holistic approach to understand telecommunications systems by addressing the emergence and domination of new digital services consumer and economic dynamics and the creation of content by service providers includes services underlying technologies and internal capabilities for social network advertising covers market dynamics that determine the successes and failures of service offerings discusses the impact of smartphones iphone launch on the telecommunications and mobile device industry

in recent times the question of private sector involvement in public affairs has become framed in altogether new terms across europe there has been a growth in various forms of public private cooperation in building

and maintaining new penal institutions and an increasing presence of private companies offering security services within penal institutions as well as delivering security goods such as electronic monitoring and other equipment to penal authorities such developments are part of a wider trend towards privatising and marketising security bringing together key scholars in criminology and penology from across europe and beyond this book maps and describes trends of privatising punishment throughout europe paying attention both to prisons and community sanctions in doing so it initiates a continent wide dialogue among academics and key public and private actors on the future of privatisation in europe debates on the privatisation of punishment in europe are still underdeveloped and this book plays a pioneering and agenda setting role in developing this dialogue

what do joyce brothers and sigmund freud rabbi harold kushner and philosopher martin buber have in common they belong to a group of pivotal and highly influential jewish thinkers who altered the face of modern america in ways few people recognize so argues andrew heinze who reveals in rich and unprecedented detail the extent to which jewish values often in tense interaction with an established christian consensus shaped the country s psychological and spiritual vocabulary jews and the american soul is the first book to recognize the central role jews and jewish values have played in shaping american ideas of the inner life it overturns the widely shared assumption that modern ideas of human nature derived simply from the nation s protestant heritage heinze marshals a rich array of evidence to show how individuals ranging from erich fromm to ann landers changed the way americans think about mind and soul the book shows us the many ways that jewish thinkers influenced everything from the human potential movement and pop psychology to secular spirituality it also provides fascinating new interpretations of sigmund freud alfred adler and western views of the psyche the clash among protestant catholic and jewish moral sensibilities in america the origins and evolution of america s psychological and therapeutic culture the role of jewish women as american public moralists and more a must read for anyone interested in the contribution of jews and jewish culture to modern america

when john kennedy ran for president some americans thought a catholic couldn t or shouldn t win the white house credit bing crosby among others that he did for much of american history catholics perceived allegiance to an international church centered in rome excluded them from full membership in society a prejudice as strong as those against blacks and jews now anthony burke smith shows how the intersection of the mass media and the visually rich culture of catholicism changed that protestant perception and in the process changed american culture smith examines depictions of and by catholics in american popular culture during the critical period between the great depression and the height of the cold war he surveys the popular films television and photojournalism of the era that reimagined catholicism as an important even attractive element of american life to reveal the deeply political and social meanings of the catholic presence in popular

culture hollywood played a big part in this midcentury catholicization of the american imagination and smith showcases the talents of catholics who made major contributions to cinema leo mccarey s oscar winning film going my way starring the soothing and catholic bing crosby turned the catholic parish into a vehicle for american dreams while pat o brien and spencer tracy portrayed heroic priests who championed the underclass in some of the era s biggest hits and even while a filmmaker like john ford rarely focused on clerics and the church smith reveals how his films gave a distinctly ethnic catholic accent to his cinematic depictions of american community smith also looks at the efforts of henry luce s influential life magazine to harness catholicism to a postwar vision of middle class prosperity and cultural consensus and he considers the unexpected success of bishop fulton j sheen s prime time television show life is worth living in the 1950s which offered a catholic message that spoke to the anxieties of cold war audiences revealing images of orthodox belief whose sharpest edges had been softened to suggest tolerance and goodwill smith shows how such representations overturned stereotypes of catholics as un american spanning a time when hot and cold wars challenged americans traditional assumptions about national identity and purpose his book conveys the visual style moral confidence and international character of catholicism that gave it the cultural authority to represent america
