although it is now well established that unemployment is detrimental to health and well being most of us assume that a well structured rewarding leisure activity would be preferable to paid work john haworth challenges these assumptions and shows that the very constriction of work like having to perform a task we wouldn't otherwise choose are often the most rewarding in the end work leisure and well being reviews the current literature and complements it with the findings of the most recent research to provide a serious and fascinating study of the most important areas of adult life it raises as many questions as it answers for instance if paid work is better than a leisure activity what's the use of looking forward to retirement work leisure and well being will be of interest not only to psychologists but also to a wide range of professionals involved in social policy and the leisure industry

focused on physical literacy and measurable outcomes empowering physical educators to help students meet the common core standards and coming from a recently renamed but longstanding organization intent on shaping a standard of excellence in physical education national standards grade level outcomes for k-12 physical education is all that and much more created by shape america society of health and physical educators formerly aahperd this text unveils the new national standards for k-12 physical education the standards and text have been retooled to support students' holistic development this is the third iteration of the national standards for k-12 physical education and this latest version features two prominent changes the term physical literacy underpins the standards it encompasses the three domains of physical education psychomotor cognitive and affective and considers not only physical competence and knowledge but also attitudes motivation and the social and psychological skills needed for participation grade level outcomes support the national physical education standards these measurable outcomes are organized by level elementary middle and high school and by standard they provide a bridge between the new standards and k-12 physical education curriculum development and make it easy for teachers to assess and track student progress across grades resulting in physically literate students in developing the grade level outcomes the authors focus on motor skill competency student engagement and intrinsic motivation instructional climate gender differences lifetime activity approach and physical activity all outcomes are written to align with the standards and with the intent of fostering lifelong physical activity national standards grade level outcomes for k-12 physical education presents the standards and outcomes in ways that will help preservice teachers and current practitioners plan curricula units lessons and tasks

the text also empowers physical educators to help students meet the common core standards allows teachers to see the new standards and the scope and sequence for outcomes for all grade levels at a glance in a colorful easy to read format and provides administrators parents and policy makers with a framework for understanding what students should know and be able to do as a result of their physical education instruction the result is a text that teachers can confidently use in creating and enhancing high quality programs that prepare students to be physically literate and active their whole lives

the phenomena of effortless attention and action and the challenges they pose to current cognitive models of attention and action

this third volume of driver behaviour and training displays recent advances in the study of driving behaviour and driver training how driver characteristics goals and motivations contribute to unsafe driving behaviour and the development of driver trai

case study from the year 2020 in the subject health health system language english abstract the study attempts to explore the impact and challenges of phc delivery system with the intension of generating data for policy and planning the goal of primary health care phc was to provide accessible health for all by the year 2020 and beyond unfortunately this is yet to be achieved in nigeria and seems to be unrealistic in the next decade the phc aims at providing people of the world with the basic health services though phc centers were established in both rural and urban areas in nigeria with the intention of equity and easy access regrettably the rural populations in nigeria are seriously underserved when compared with their urban counterparts about two thirds of nigerians reside in rural areas therefore they deserve to be served with all the components of phc primary health care which is supposed to be the bedrock of the country s health care policy is currently catering for less than 20 of the potential patients while most phc facilities are in various state of disrepair with equipment and infrastructure being either absent or obsolete the referral system is almost non existent the goal of the national health policy 1987 is to bring about a comprehensive health care system based on primary health care that is promotive protective preventive restorative and rehabilitative to all citizens within the available resources so that individuals and communities are assured of productivity social well being and enjoyment of living the health services based on phc include among other things education concerning prevailing health problems and the methods of preventing and controlling them promotion of food supply and proper nutrition material and child care including family planning immunization against the major infectious diseases prevention and control of locally endemic and epidemic diseases and provision of essential drugs and supplies the provision of health care at phc level is largely the responsibility of local governments with the support of state ministries of health and within the overall national health policy private medical practitioners also provide health care at this level
