from the world's 1 bestselling author comes a thrilling novel where a detective duo of sisters finds themselves in the crosshairs of a dangerous and lawless group. Attorney Rhonda Bird returns home after a long estrangement when she learns her father has died. There she makes two important discoveries: her father stopped being an accountant and had opened up a private detective agency, and she has a teenage half sister named Baby. Baby brings in a client to the detective agency, a young man who claims he was abducted during the course of the investigation. Rhonda and Baby become entangled in a dangerous case involving a group of overprivileged young adults who break laws for fun, their psychopath ringleader, and an ex-assassin victim who decides to hunt them down for revenge.

Patterson's greatest crime-solving team since the Women's Murder Club is the Bird Sisters. Rhonda and Barbara Bird are half sisters and full partners in their Los Angeles detective agency. They agree on nothing. Rhonda, a former attorney, takes a by-the-book approach to solving crimes, while teenage Baby relies on her street smarts. But when they take a controversial case of a loner whose popular wife has gone missing, they're accused of being pigs who can't tell a client from a killer. The Bird Sisters share a late father but not much else, except their willingness to fight the system, fight for the underdog, fight for the truth if they can stop fighting each other long enough to work together.

The Page Fence Giants, an all-star black baseball club sponsored by a woven wire fence company in Adrian, Michigan, graced the diamond in the 1890s, formed through a partnership between black and white boosters. The team's respectable four-year run was an early integration success before integration was phased out decades ahead of Jackie Robinson's 1947 debut, and the growing Jim Crow sentiment blocked the Page Fence Giant's best talent from the major leagues. This book tells the story of a long ignored team at the close of the 19th century whose hall of famer, second baseman Sol White, was but one of their best players.

Fights and flights are non-stop USA today for Hawk. Being a hero weighs heavily on her wings. In the City of the Dead, life happens in the shadows, that's why a war is brewing against an enemy no one can see. Hawk and Maximum Ride never back down from a conflict, but as the dead begin to outnumber the living, they'll need to work together now more than ever.

Whether curled up on a sofa with a good mystery, lounging by the pool with a steamy romance, or brooding over a classic novel, Americans love to read despite the distractions of modern living. Nothing quite satisfies many individuals more than a really good book, and regardless of how one accesses that book—through a tablet, a smart phone, or a good old-fashioned hardcover—those choices have been tallied for decades. In *A Century of America's Favorite Books*, Robert McParland looks at the reading tastes of a nation from the beginning of the twentieth century to the present day. Through extensive research, McParland provides context for the literature that appealed to the masses, from low-brow potboilers like *Forever Amber* to Pulitzer Prize winners such as *To Kill a Mockingbird*. Decade by decade, McParland discusses the books that resonated with the American public and shows how current events and popular culture shaped the reading habits of millions. Profiles of authors with frequent appearances, from Ernest Hemingway to Danielle Steel, are included along with standout titles that readers return to year after year. A snapshot of America and its love of reading through the decades, this volume informs and entertains while also providing a handy reference of the country's most popular books for those wanting to learn more about the history of American culture through its reading habits. *A Century of America's Favorite Books* is a must-read.
