historians know a great deal about how wars begin but far less about how they end whilst much has been written about the forces passions and institutions that mobilized societies for war and worked to sustain that mobilization through years of struggle much less is known about the equally complex processes that demobilized societies in the wake of armed conflict as such this new book will be welcomed by scholars wishing to understand the effects of the great war in its fullest context including the reactions behaviors and attitudes of ordinary europeans during the tumultuous events of the years of demobilization taking a transnational perspective on demobilization this study demonstrates that the experience of mass industrial war generated remarkably similar pressures within both the defeated and victorious countries using as examples the important provincial centres of munich and manchester this book examines the experiences of european urban dwellers from the last year of the war until the early 1920s utilizing a wide variety of sources from more than twenty archives in germany britain and the united states this book recovers voices from the period that are often lost in conventional narratives capturing the richness and diversity of the ideas visions and conflicts engendered by those difficult and tumultuous years the result is a book that paints a vivid picture of the difficulties that peace could bring to economies and societies that had rapidly and fully adapted to the demands of industrial world war

many white people and some conservative black people believe that affirmative action programs are unfairly depriving more deserving whites of jobs and education opportunities the author argues that is a myth for example university admissions data demonstrates that despite affirmative action rhetoric there remains systemic bias against black students sociological data on criminal record race and employment found that white people with a criminal record had a better chance of getting a call back than black

people without one renowned professor of social work dr rudolph alexander jr analyses many examples which demonstrate that the claim that affirmative action programs have led to unfair discrimination against white people of equal ability is a myth though not always comfortable reading the book is an important addition to the literature on equality diversity and critical race theory
