april 2016 march and april was amazingly full of exciting events i know you don t want me to explain it all here for those who just become a member of hospitality network welcome and for the seniors please share your knowledge to our young generation you may join us in our linkedin network with nearly 30 000 plus our linkedin group with around 2000 active members our linkedin company page with 3400 followers facebook group with

more than 42 000 members twitter with nearly 8000 followers and many more lets share jobs news and opportunities for the young hotelier indonesia there is nothing too small or too big every information s is valuable with great screening all info that send to us will spready fast and targeted well let s go to the next step together it will be easier as usual we have events reports articles and galleries enjoy reading more to come

there is today a pronounced and accelerated convergence in architecture this convergence is occurring by doers not thinkers in practice not academia in building design fabrication and construction it is about solution centric individuals engaged in real time problem solving not in abstractions the nature of this convergence where things are converging and what that means for architecture is the subject of this book from the introduction those working in architecture and engineering feel pressure to work faster at lower cost while maintaining a high level of innovation and quality at the same time emergent tools and processes make this possible convergence is about the firms teams and people who thrive in this environment as a result of their ability to creatively combine and innovate it seeks to answer several timely questions what are the tools and work processes that are converging how are individuals and organizations converging their tools and work processes what challenges and benefits are they seeing what is the ultimate endgame of this convergence what skillsets and mindsets would someone need to develop to work effectively in this changing environment what are the implications of convergence on the role of the designer and on design on how we design build fabricate and construct on how we work the book explains how convergence relates to but ultimately differs from integration consolidation multi tasking automation and other forms of optimization the practice based research builds upon the author s research in bim and in the collaborative leveraging of data in design and fabrication as an investigation and meditation on the impact of technology on the education and making of design professionals convergence explains what is happening in the world of design and discusses the implications for the future of education training and practice

the faculty of economics and business bengkulu university unb provinsi bengkulu indonesia organized the 3rd beehive international social innovation conference bisic 2020 on 3rd 4th oct 2020 in bengkulu indonesia the number of participants who joined the zoom room was recorded at 450 participants participants came from 4 countries namely indonesia malaysia philippines thailand bisic 2020 is implemented with the support of a stable internet network system and a zoom application in the implementation there were several technical obstacles

encountered by the participants namely the difficulty of joining the zoom application due to the unstable internet signal the holding of a virtual conference felt less meaningful due to the lack of interaction between speakers and participants the biced 2020 committee 30 papers were presented and discussed the papers were authored by researchers from thailand malaysia philippines and indonesian all papers have been scrutinized by a panel of reviewers who provide critical comments and corrections and thereafter contributed to the improvement of the quality of the papers
