macroeconomics is the first text to truly reflect today s macroeconomy in this
teachable coherent book the author makes complex topics easily understandable for
undergraduates and combines innovative treatment of both the short run and the long
run with a strong emphasis on problem solving

introduction to economic growth is the only text to synthesize the journal literature in a
way that makes this important field accessible to undergraduates charles i jones and
new co author dietrich vollrath have updated and revised the text to reflect recent
advances in economic growth theory in clear direct language

introduction to economic growth fourth edition is the only text to synthesize the
research and thinking on growth in a way that is accessible to undergraduates
highlights of this thorough revision are its emphasis and discussion of recent

advancements in how we understand our economy of ideas and updates to show how core models romer solow and schumpeter impact decision making

teaches students how macroeconomics is studied and applied in the 21st century

now updated to include new chapters dedicated to the global economic crisis the most exciting new text in a generation chad jones's macroeconomics will change the way intermediate macroeconomics courses are taught it is the first and only undergraduate text to present the romer model of endogenous technological change which is integral to the way economists study growth theory today other texts stop at the solow model an approach first formulated in the 1950s jones presents the romer model at an appropriate level for undergraduates the text is written in an engaging conversational style that makes students feel as though they are sitting in on one of professor jones's lectures when introducing new material he presents it in a careful patient manner and follows the discussion with case studies and worked examples each chapter includes two complete worked examples that walk students step by step through the material covered in that chapter in addition this is the first text in the intermediate macroeconomics market to be fully integrated with an online homework management system the easy to use smartwork homework management system offers extensive answer feedback as students work through a problem [click here to find out more](#)

the only fully modern macroeconomics text on the market and the most accessible one for undergraduates
