african literature like the continent itself is enormous and diverse east africa s literature is different from west africa s which is quite different from south africa s which has different influences on it than north africa s africa s literature is based on a widespread heritage of oral literature some of which has now been recorded arabic influence can be detected as well as european especially french and english legends myths proverbs riddles and folktales form the mother load of the oral literature this book presents an overview of african literature as well as a comprehensive bibliography primarily of english language sources accessed by subject author and title indexes

the new south african edition of tubbs and moss offers examples applications and cases tailored to the local market whilst retaining the successful focus on the principles and contexts of communication studies the authors link theory and research with fundamental concepts and create plentiful opportunities for students to apply their understanding and develop useful communication skills the new edition is fully updated with the most up to date reseach and examples with a strong focus on cultural diversity technology and local applications

the fourth edition of the guide to higher education in africa contains reliable and up to the minute information on higher education throughout africa over 900 institutions in 47 countries plus details of national education systems and agencies in a single reference source

this critical research collection focuses on eastern and southern africa providing timely and valuable insights and reflections around the changes and stabilities within media ecosystems caused by the novel covid 19 crises

vols for 1871 76 1913 14 include an extra number the christmas bookseller separately paged and not included in the consecutive numbering of the regular series

of all mankind's vices racism is one of the most pervasive and stubborn success in overcoming racism has been achieved from time to time but victories have been limited thus far because

mankind has focused on personal economic gain or power grabs ignoring generosity of the soul this bibliography brings together the literature

while authoritarianism continues to gain ground globally this book offers a global and nuanced perspective into how when and where autocratisation may be contested and sometimes reversed drawing on rich case studies from across africa asia latin america and southeastern europe the chapters in this book map the actors and institutions of resistance ranging from political parties and bureaucrats to social movements and transnational alliances rather than offering a binary view of success or failure of opposition and resistance this book adopts a dynamic process driven approach considering the conditions under which resistance emerges adapts and persists even in shrinking civic and political spaces whether through informal bureaucratic defiance legal mobilisation elite rivalries transnational alliances strategic litigation or protest coalitions these strategies reveal the agency of opposition actors navigating complex and often hostile terrains these diverse experiences force us to rethink resistance as an ongoing collective effort rather than a single moment of reversal this volume spans multiple disciplines including political science sociology international relations and legal studies making it essential reading for students scholars and policymakers to understand how resistance emerges evolves and endures in the face of authoritarian resurgence the chapters in this book were originally published as a special issue of third world quarterly
