mass communication theory foundations ferment and future fifth edition introduces you to current and classical mass communication theories and explains the media literacy movement in terms you can understand plus this mass communication textbook helps you develop a better understanding of media theory so you can play a role in the media industry s future written in an accessible writing style the text is designed to help you perform well on exams and succeed in the course important notice media content referenced within the product description or the product text may not be available in the ebook version

moving beyond the u s eurocentric paradigm of communication theory this handbook broadens the intellectual horizons of the discipline by highlighting underrepresented especially non western theorists and theories and identifies key issues and challenges for future scholarship showcasing diverse perspectives the handbook facilitates active engagement in different cultural traditions and theoretical orientations that are global in scope but local in effect it begins by exploring past efforts to diversify the field continuing on to examine theoretical concepts models and principles rooted in local cumulative wisdom it does not limit itself to the mass interpersonal communication divide but rather seeks to frame theory as global and inclusive in scope the book is intended for communication researchers and advanced students with relevance to scholars

with an interest in theory within information science library science social and cross cultural psychology multicultural education social justice and social ethics international relations development studies and political science

the handbook of children media and development brings together an interdisciplinary group of experts in the fields of developmental psychology developmental science communication and medicine to provide an authoritative comprehensive look at the empirical research on media and media policies within the field 25 newly commissioned essays bring new research to the forefront especially on digital media developmental research and public policy debates includes helpful introductions to each section a theoretical overview of the field and a final chapter that offers a vision of future research contributors include key international authorities in the field

communication is changing rapidly around the world particularly in africa where citizens are embracing digital technologies not only to improve not only interpersonal communication but also the state of their financial well being this book investigates these transformations in nigeria s booming communication industry the book traces communications in nigeria back to pre colonial indigenous communications through the development of telecommunication broadcasting networks the press the nigerian film industry nollywood and on to the digital era at a time when western voices still dominate the academic literature on communication in africa this book is noteworthy in drawing almost exclusively on the expertise of nigerian based authors critiquing the discipline from their own lens and providing an important contribution to the decolonisation of communication studies the authors provide a holistic analysis of the sector encompassing print journalism broadcast journalism public relations advertising film development communication organisational communication and strategic communication analysis of the role of digital technologies is woven throughout the book concluding with a final section theorising the future of communication studies in nigeria in the light of the digital media revolution robust in its theoretical and methodological underpinnings this book will be an important reference for researchers of media and communication studies and those working on africa specifically

applied mass communication theory a guide for media practitioners second edition bridges a review of theory to the contemporary work of media professionals the text provides a framework for constructing an undergraduate research project it also presents vital chronological information on the progression of theory in mass communication including a model that integrates mass communication theories and shows how they relate to one another it concludes with information on media law ethics economics and mass media careers establishing a critical framework for

students as they leave college and begin their first jobs this second edition discusses mass communication theory and its applications in both traditional print and broadcast applications by exploring advertising and public relations in this new digital multi media environment this text remains relevant and in fact necessary for students in the field

this volume provides a comprehensive examination of key issues regarding global communication focusing particularly on international news and strategic communication it addresses those news factors that influence the newsworthiness of international events providing a synthesis of both theoretical and practical studies that highlight the complicated nature of the international news selection process it also deals with international news coverage presenting research on the cross national and cross cultural nature of media coverage of global events in the interdisciplinary context of research on political communication war coverage new technologies and online communication the work concludes with a focus on global strategic communications in the age of globalization global economies and cross national media ownership chapters here provide readers with some of the most up to date research on international advertising public relations and other key issues in international communications with contributions from many of the leading scholars in the field of international media communication research this collection presents a valuable resource for advancing knowledge and understanding of the complicated international communication phenomenon it will be of value to upper level undergraduates and graduate students in mass media and communication programs and to scholars whose research focuses on global communication research

this book addresses the negative impact of social cleavages on the development of many african countries it proposes new ideas on how the development crisis in africa may be addressed by conceptualizing the underlying problem as a communication issue in contrast to the frequent neglect of this key factor this book provides a provocative discussion of how communication strategies can help to promote national integration and social economic and political development it argues that the activities associated with the communication of national integration must be seen as an all encompassing task that transcends official speeches in attempts to persuade a disparate population to cultivate national consciousness such activities must encompass efforts to persuade leaders to eliminate policies that seek to promote spatial dislocation and cross cultural interaction and to arouse the audience to pay closer attention to integrative messages disseminated through the mass media

media scholarship has responded to a rapidly evolving media environment that has challenged

existing theories and methods while also giving rise to new theoretical and methodological approaches this volume explores the state of contemporary media research focusing on intellectual foundations theoretical perspectives methodological approaches context and contemporary issues this volume is a valuable resource for media scholars and students

this accessible yet research based text offers both foundational theories and practical applications of analysis and criticism of mass media portrayals of sex love and romance in a wide variety of mass media from entertainment to advertising to news the multidisciplinary methodological perspective comes out of a media literacy approach and embraces a variety of traditions along the quantitative qualitative continuum focused on portrayals of male female coupleship the book is centered around the 12 major myths and stereotypes of galician s dr fun s mass media love quiz each of which has a corresponding dr galician prescription that encapsulates healthy strategies rarely found in the mass media to counteract that myth or stereotype readers learn how to identify illustrate deconstruct evaluate and reframe the mass media s mythic and stereotypic portrayals of sex love and romance they also learn how to use their own formal critical evaluations to clarify their own values and as media consumers or mass communication creators to share their insights with others thus the learning objectives encompass all three major educational domains cognitive affective and behavioral part i of this book covers the five foundations myths and stereotypes of love and coupleship models of realistic and constructive love and coupleship mass media storytelling approaches techniques and devices research and theories of mass media effects and strategies and skills of media literacy part ii is devoted to exploring the myths and stereotypes identified in the quiz following several brief case studies and a summary of related research and commentary each chapter focuses on analyses and criticisms of portrayals of sex love and romance in the content of news and advertising as well as entertainment using galician s seven step dis illusioning directions each chapter concludes with a dis illusion digest while critical of unrealistic portrayals and the damage they can cause unsuspecting media consumers galician a media literacy advocate is not anti media rather her goal is to empower consumers to use these portrayals with more awareness of their possible consequences to resist adopting them as models for actual behavior and to consciously reframe them into more realistic productive scenarios this unique text is an engaging classroom resource for media literacy media and relationships and media and society coursework

providing a current and comprehensive discussion of influential theories in communication this text portrays the strengths and weaknesses of each theory communication theories helps students see where these theories fit in the broad scheme of social inquiry and generally guides

students in the evaluation and critique of theories in order to reach a more sophisticated level of understanding although it emphasizes theories developed by communication scholars communication theories also includes work developed outside the field that has strongly influenced the work of communication scholars the second edition has been completely updated to include new or enhanced coverage of post colonialism critical race theory new generation social penetration theory and mass media reception theory
