what is women s empowerment and how and why does it matter for women s health despite the rise of a human rights based approach to women s health and increasing awareness of the synergies between women s health and empowerment a lack of consensus remains as to how to measure empowerment and successfully intervene in ways that improve health women s empowerment and global health provides thirteen detailed multidisciplinary case studies from across the globe and through the course of a woman s life to show how science and advocacy can be creatively merged to enhance the agency and status of women accompanying short videos provide background about programs on the ground in india the united states mexico nicaragua zimbabwe and south africa women s empowerment and global health explores the promises and limits of programmatic scientific and rights based work in real world settings and provides the next generation of researchers and practitioners as well as students in global and public health sociology anthropology women s studies law business and medicine with cutting edge and inspirational examples of programs that point the way toward achieving women s equality and fulfilling the right to health provided by publisher

concern a pamphlet series for questions of christian renewal was born in the 1950s of shared concerns over a gap between an anabaptist vision and contemporary north american mennonite reality the initial group views the increasingly hierarchical denominational structure the emergence of centralized professionalized pastoral ministry and the resultant changes in polity and practice as fundamentally incompatible with a believers church ecclesiology essays here present that critique and discussion of the reconfiguration of pastoral and communal authority as well as the assertion that reclamation of a disciplined priesthood of all believers is the path of christian renewal today the question of what institutional forms best structure the leadership authority and shared life of congregations persists marked by particular concern to attend to the exercise of power within actual communities of faith

recent years have seen digital advertising grow to the point where

it will soon overtake television as the no 1 advertising medium in the online environment consumers interact and share their thoughts on brands and their experiences using them these electronic word of mouth ewom communications have become a very important to the success of products in today s cluttered environment it is especially important to study how the practice of ewom advertising operates and how marketers can influence ewom in social media and other online sites this volume starts with a chapter on the current state of knowledge on ewom and then turns its attention to current research articles on a variety of ewom formats these include the posting of selfies on social media the influence of review types on consumer perception and purchase intention the effects of preannouncement messages and how user generated content can be used to induce effectiveness of ewom on social media the relationship of ewom to brand building is emphasized in several of the chapters this book was originally published as a special issue of the international journal of advertising

this book is about responses to language variety their variability shape and content as well as the variable cognitive and neural pathways underlying them the chapters explore access to processing of and outcomes of that diversity and complexity many traditions are represented from social psychology come classic experimental methods as well as more current discourse based analyses anthropology is represented in indexicality iconization recursivity erasure enregisterment and ideologies the sociolinguistic focus on specific rather than global elements that trigger responses is highlighted the individual chapters address a variety of questions concerning language attitude belief and ideology in some cases singly in others with a more general focus including attempts to relate one style of research to another if we accept the fact that individuals house great variability in the underlying cognitive structures that inform responses it follows that no single way of eliciting and studying them will do this book provides a tour of the emerging tools that have been productive in such investigations

half a century after the cia s secret war in laos the largest bombing campaign in history explosive remnants of war continue to be part of people s everyday lives in bomb children leah zani offers a perceptive analysis of the long term often subtle and unintended effects of massive air warfare zani traces the sociocultural impact of cluster submunitions known in laos as bomb children through stories of explosives clearance technicians and others living and working in these old air strike zones zani presents her ethnography alongside poetry written in the field

crafting a startlingly beautiful analysis of state terror authoritarian revival rapid development and ecological contamination in so doing she proposes that postwar zones are their own cultural and area studies offering new ways to understand the parallel relationship between ongoing war violence and postwar revival

an earthy entanglement with spirituality offers compelling perspectives on the human spirit as represented in literature and art authors approach the inquiry using distinct critical approaches to varied primary sources poetry of various genres and periods shakespearean drama contemporary theater renaissance sculpture and the novel short story sketch and dialogue

presents eleven chapters and six special features that cover basic through intermediate computer concepts with an emphasis on the personal computer and its practical use including hardware software application and system software the internet and world wide communications e commerce and computers in society
