the fifth in the new york times bestselling mystery series for fans of louise penny and elizabeth george police chief russ van alstyne s first encounter with clare fergusson was in an emergency room on a freezing december night a newborn had been left on the steps of the town s episcopal church where clare just happened to be its new priest that night in the hospital was the beginning of an attraction so fierce so forbidden that both russ and clare risked compromising all of their ethics and beliefs in the small community of millers kill gossip spreads like wildfire so when russ s wife kicks him out of the house he figures it s nobody s business but his own until a neighbor stops by and finds mrs van alstyne s butchered corpse on the kitchen floor to the townspeople and church folk the murder is proof that the whispered rumors about the police chief and the priest were true but nothing is as it seems in millers kill where betrayal twists old friendships and evil waits inside quaint white clapboard farmhouses

americans have always loved guns this special bond was forged during the american revolution and sanctified by the second amendment it is because of this exceptional relationship that american civilians are more heavily armed than the citizens of any other nation or so we re told in the gunning of america historian pamela haag overturns this conventional wisdom american gun culture she argues developed not because the gun was exceptional but precisely because it was not guns proliferated in america because throughout most of the nation s history they were perceived as an unexceptional commodity no different than buttons or typewriters focusing on the history of the winchester repeating arms company one of the most iconic arms manufacturers in america haag challenges many basic assumptions of how and when america became a gun culture under the leadership of oliver winchester and his heirs the company used aggressive sometimes ingenious sales and marketing techniques to create new markets for their product guns have never sold themselves rather through advertising and innovative distribution campaigns the gun industry did through the meticulous examination of gun industry archives haag challenges the myth of a primal bond between americans and their firearms over the course of its 150 year history the winchester repeating arms company sold over 8 million guns but oliver winchester a shirtmaker in his previous career had no apparent qualms about a life spent arming america his daughter in law sarah winchester was a different story legend holds that sarah was haunted by what she considered a vast blood fortune and became convinced that the ghosts of rifle victims were haunting her she channeled much of her inheritance and her conflicted conscience into a monstrous estate now known as the winchester mystery house where she sought refuge from this ever expanding army of phantoms in this provocative and deeply researched work of narrative history haag fundamentally revises the history of arms in america and in so doing explodes the cliché that have created and sustained our lethal gun culture
