a study of ideas their substance origins and salience in government decision making during credibility crises in india and developing democracies

asia is a crucial battleground for power and influence in the international system it is also a theater of new experiments in regional cooperation that could redefine global order whose ideas matter is the first book to explore the diffusion of ideas and norms in the international system from the perspective of local actors with asian regional institutions as its main focus there s no asian equivalent of the eu or of nato why has asia and in particular southeast asia avoided such multilateral institutions most accounts focus on u s interests and perceptions or intraregional rivalries to explain the design and effectiveness of regional institutions in asia such as seato asean and the asean regional forum amitav acharya instead foregrounds the ideas of asian policymakers including their response to the global norms of sovereignty and nonintervention asian regional institutions are shaped by contestations and compromises involving emerging global norms and the preexisting beliefs and practices of local actors acharya terms this perspective constitutive localization and argues that international politics is not all about western ideas and norms forcing their way into non western societies while the latter remain passive recipients rather ideas are conditioned and accepted by local agents who shape the diffusion of ideas and norms in the international system acharya sketches a normative trajectory of

asian regionalism that constitutes an important contribution to the global sovereignty regime and explains a remarkable continuity in the design and functions of asian regional institutions
