islamic philosophy has unusual origins originally a hybrid of greek philosophy and early islamic theology its technical language consisted of a number of words translated from the greek this book studies how islamic philosophers of the ninth century ad such as al kindi al farabi and ibn sina developed an indigenous set of terms and concepts their books of definition influenced the revision of the arabic language to incorporate these new fields of knowledge books of definition in islamic philosophy the limits of words uses the work of these philosophers as a basis from which a comparison with their greek precedents is enabled the book presents a framework for incorporating an islamic and historically contextualised philosophy into a continuum of world philosophers at the core of this framework is ibn sina s kitab al hudud which the author has translated into english and situates it in its correct geopolitical framework in establishing a historical and literary context for the writing and circulation of ibn sina s definitions the book breaks new ground in the integration of islamic philosophy within a general history of philosophies this fascinating and comprehensive study will be of interest to scholars and postgraduate students of islamic philosophy

the significance of dreams as discussed in the heavenly scriptures and dream interpreters over the centuries the relationship between dreams and physical life and how they can provide guidance

among the subjects examined are nationalism and the nation state democracy freedom and equality the principles of the french revolution and western scientific thought these crucial issues are discussed by the arab travellers as they relate to their own societies

jewish religion greek philosophy and islamic thought mold the philosophy and theology of maimonides and characterize his work as an excellent example of the fruitful transfer of culture in the middle ages the authors show various aspects of this cultural cross fertilization despite religious and ethnic differences the studies prompt thoughts on a question which is important for the present and the future how may the different religions cultures and concepts of knowledge continue to

be conveyed in synthesis the volume publishes the lectures given at the July 2004 international congress at the occasion of the 800th anniversary of Maimonides' death
