exploring the central themes in modern american cultural studies and discussing how these themes can be interpreted american cultural studies offers a wide ranging overview of different aspects of american cultural life such as religion gender and sexuality regionalism and ethnicity and immigration the fourth edition has been revised throughout to take into account the developments of the last four years updates and revisions include discussion of barack obama s time in the white house consideration of hemispheric american studies and the increasing debates about globalisation and the

international role of the usa long form television and american studies up to date case studies such as girls the wire and orange is the new black more material on detroit the mexican border same sex relationships and islam in america updated further reading lists and new follow up work illustrated throughout containing follow up questions and further reading at the end of each chapter and accompanied by a companion website routledge com cw campbell providing further study resources american cultural studies is a core text and an accessible guide to the interdisciplinary study of american culture

america like other modern nations is characterized by its diversity and can be seen as a complex and fragmented nation state yet an american culture defined by those beliefs and behaviors that all americans do share irrespective of their other cultural affiliations does exist this book presents an innovative approach to the issues and aspects in the study of america s unique culture the real diversity of america is lost in the practice of categorizing people into social racial or ethnic groups and then attributing culture to them while not an exhaustive treatment of the culture this volume serves as a point of departure for discussions of american culture in a variety of courses both within and outside the discipline of anthropology each chapter is accompanied by suggested readings to enable the student to pursue a more in depth study of any individual topic

this outstanding text provides students with the essential foundation in the historical geography of the united states distinguished scholar richard l nostrand skillfully synthesizes decades of historical geography research in an engaging and thought provoking overview his regional geography framework emphasizes the three themes central to cultural geography cultural ecology cultural diffusion and cultural landscape to explain the formation and change of culture regions in the united states he shows convincingly that regions are a valuable pedagogical device for developing students understanding of place and context

an emerging cult classic about america s cultural meltdown and a surprising solution a prophetic examination of western decline the twilight of american culture provides one of the most caustic and surprising portraits of american society to date whether examining the corruption at the heart of modern politics the rambification of popular entertainment or the collapse of our school systems morris berman suspects that there is little we can do as a society to arrest the onset of corporate mass mind culture citing writers as diverse as de toqueville and delillo he cogently argues that cultural preservation is a matter of individual conscience and discusses how classical learning might triumph over political correctness with the rise of a new monastic individual a person who much like the medieval monk is willing to retreat from conventional society in order to preserve its literary

and historical treasures brilliantly observant deeply thoughtful lucidly argued christian science monitor

americans have a long history of public arguments about taste the uses of leisure and what is culturally appropriate in a democracy that has a strong work ethic michael kammen surveys these debates as well as our changing taste preferences especially in the past century and the shifting perceptions that have accompanied them professor kammen shows how the post traditional popular culture that flourished after the 1880s became full blown mass culture after world war ii in an era of unprecedented affluence and travel he charts the influence of advertising and opinion polling the development of standardized products shopping centers and mass marketing the separation of youth and adult culture the gradual repudiation of the genteel tradition and the commercialization of organized entertainment he stresses the significance of television in the shaping of mass culture and of consumerism in its reconfiguration over the past two decades focusing on our own time kammen discusses the use of the fluid nature of cultural taste to enlarge audiences and increase revenues and reveals how the public role of intellectuals and cultural critics has declined as the power of corporate sponsors and promoters has risen as a result of this diminution of cultural authority he says definitive pronouncements have been replaced by divergent points of view and there is as well a tendency to blur fact and fiction reality and illusion an important commentary on the often conflicting ways americans have understood defined and talked about their changing culture in the twentieth century

whether you re a businessperson beginning to work in the united states or a foreign student visiting for a semester this new edition of american ways will help you navigate america s diverse and changing culture from the deep seated attitudes that mark the american character to customs and everyday activities american ways explores the tapestry of the country s life providing invaluable information on cultural values politics education religion and relationships in this revised edition gary althen and janet bennett have added material that reflects some of the important changes that have occurred over the last decade this edition features new material on american politics reflecting the impact of the bush administration as well as the election of the nation s first black president and an updated chapter on the effects of social networking sites on meeting people and creating friendships

this very short introduction describes the development of american culture across time and how various socioeconomic and ethnic groups contributed to it this highlights the historical significance of culture in light of more general social political and economic events diverse americans have developed a national culture with a worldwide reach creating tales that have formed a national identity and an american way of life across the

boundaries of race class gender and sexual orientation as well as language location and religion

this book provides a stimulating account of the dominant cultural forms of 1950s america fiction and poetry theatre and performance film and television music and radio and the visual arts through detailed commentary and focused case studies of influential texts and events from invisible man to west side story from disneyland to the seattle world s fair from rear window to the americans the book examines the way in which modernism and the cold war offer two frames of reference for understanding the trajectory of postwar culture the two core aims of this volume are to chart the changing complexion of american culture in the years following world war ii and to provide readers with a critical investigation of the 1950s the book provides an intellectual context for approaching 1950s american culture and considers the historical impact of the decade on recent social and cultural developments key features focused case studies featuring key texts genres writers artists and cultural trends chronology of 1950s american culture bibliographies for each chapter over twenty illustrations

our nation began with the simple phrase we the people but who were and are we who were we in 1776 in 1865 or 1968 and is there any continuity in character between the we of those years and the nearly 300 million people living in the radically different america of today with made in america claudia fisher draws on decades of historical psychological and social research to answer that question by tracking the evolution of american character and culture over three centuries he explodes myths such as that contemporary americans are more mobile and less religious than their ancestors or that they are more focused on money and consumption and reveals instead how greater security and wealth have only reinforced the independence egalitarianism and commitment to community that characterized our people from the earliest years skillfully drawing on personal stories of representative americans fisher shows that affluence and social progress have allowed more people to participate fully in cultural and political life thus broadening the category of american yet at the same time what it means to be an american has retained surprising continuity with much earlier notions of american character firmly in the vein of such classics as the lonely crowd and habits of the heart yet challenging many of their conclusions made in america takes readers beyond the simplicity of headlines and the actions of elites to show us the lives aspirations and emotions of ordinary americans from the settling of the colonies to the settling of the suburbs

america s sense of space has always been tied to what hayden white called the narrativization of real events if the awe inspiring manifestations of nature in america niagara falls virginia s natural bridge the grand canyon etc were often used as a foil for projecting utopian visions and idealizations

of the nation's exceptional place among the nations of the world the rapid technological progress and its concomitant appropriation of natural spaces served equally well as david nye argues to promote the dominant cultural idiom of exploration and conquest from the beginning american attitudes towards space were thus utterly contradictory if not paradoxical a paradox that scholars tried to capture in such hybrid concepts as the middle landscape leo marx an engineered new earth cecelia tichi or the technological sublime david nye not only was america's concept of space paradoxical it has always also been a contested terrain a site of continuous social and cultural conflict many foundational issues in american history the dislocation of native and african americans the geo political implications of nation building immigration and transmigration the increasing division and clustering of contemporary american society etc involve differing ideals and notions of space quite literally space and its various ideological appropriations formed the arena where america's search for identity national political cultural has been staged if american democracy as frederick jackson turner claimed is born of free land then its history may well be defined as the history of the fierce struggles to gain and maintain power over both the geographical social and political spaces of america and its concomitant narratives the number and range of topics interests and critical approaches of the essays gathered here open up exciting new avenues of inquiry into the tangled contentious relations of space in america topics include theories of space landscape nature technoscape architecture urban utopia literature performance film visual arts

debunking the myth of the americanization of europe a noted historian presents an authoritative and engrossing cultural history of how america tried to remake europe in its own image and how the europeans successfully retained their identity in the face of american mass culture pells provides a new paradigm for understanding the survival of local and national cultures in a global setting

american culture is a rich and complex tapestry of colorful threads from at least five continents and in recent decades increased immigration has meant that the pace of change is accelerating it's time for us to get to know ourselves and really appreciate this rich vast and rapidly expanding culture this book explores the contributions of hispanic black native american oriental jewish and other cultures to a nation where many people still focus on the influences of christian capitalist and ethnically european particularly british heritage written for a general audience tapestry explores the myths of american culture and reveals surprising cultural roots including the fact that american democracy and representative government were inspired more by native american ways than by the ancient greeks and romans capitalism has become an unchallenged idea a cultural universal and so dogmatic that coupled with christianity it has become america's dominant religion however capitalism is a 19th century concept created for the bygone industrial era now the system is showing decay unfortunately america is an ethnocentric country whose jingoistic belief in its own

exceptionalism may prevent needed change american culture has been both inclusive and intolerant today it stands at a crossroad and must decide what road to take are we to enter a renaissance or a dark age

drawing on literature art film theatre music and much more american cultural studies is an interdisciplinary introduction to american culture for those taking american studies this textbook introduces the full range and variety of american culture including issues of race gender and youth provides a truly interdisciplinary methodology suggests and discusses a variety of approaches to study highlights american distinctiveness draws on literature art film theatre architecture music and more challenges orthodox paradigms of american studies this is a fast expanding subject area and campbell and kean s book will certainly be a staple part of any cultural studies student s reading diet
