in recent years in the west scholars have attempted to unravel old
constructs of interpretation and understanding using the discipline of
hermeneutics or the scientific study of textual interpretation borrowed
from students of the ever growing body of biblical interpretive
literature that originated in the early christian era theoretical
hermeneutics has given many contemporary scholars potent tools of

textual interpretation classics and interpretations applies this method to chinese culture several essays focus on hermeneutic traditions of neo confucianism others move outside of these traditions to attempt an understanding of the role of hermeneutics in taoist and buddhist textual interpretation in chinese poetics and painting and in contemporary chinese culture this volume makes a concerted effort to remedy our ignorance of the chinese hermeneutical tradition part 1 the great learning and hermeneutics demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the ta hsueh text and its treatment as either canonical or heterodox part 2 canonicity and orthodoxy considers the philosophical touchstones employed by neo confucian canonical exegetes and polemicists and discusses the han canonization of the scriptural five classics while illuminating a double standard that existed in the hermeneutical regime of late imperial china part 3 hermeneutics as politics discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in chinese historiography the scriptural tradition and reinterpretation of the ch un ch iu and reveals the pragmatism of chinese hermeneutics through comparison of the sung debates over the mencius the concluding sections include essays on chu hsi and interpretation of chinese classics hermeneutic traditions in chinese poetics and non confucian contexts reinterpretation of confucian texts in the ming ch ing period and contemporary interpretations of confucian culture through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of chinese hermeneutics but also its continuity and evolutionary vigor this volume will excite scholars of the confucian buddhist and taoist systems of thought and belief as well as students of history and hermeneutics

this new collection of essays edited by kyle strobels and jamin goggin offers an evangelical hermeneutic for reading the christian spiritual classics addressing the why what and how of reading these texts these essays challenge us to find our own questions deepened by the church's long history of spiritual reflection

spiritual reading explores how god the bible and the practices of reading are all connected angela lou harvey investigates how the spiritual reading of the bible takes place in our modern literate western culture in this context a spiritual reading of the bible is one that aims to know and love god through individual bible reading spiritual reading discusses what it means to read the bible well and looks at the role of the church as giving us guidance for reading it in this way harvey considers these ideas vis a vis historically orientated biblical scholarship as well as reading the bible as a classic work of western literature with reference to the use of literature through a christian framework in the works of c s lewis and alan jacobs harvey analyses the significance the bible has had in shaping other literary works drawing upon insights of theologians such as karl barth henri de lubac and ellen f davis spiritual reading suggests that a renewed understanding of faith is needed for the spiritual reading of scripture spiritual reading is for the reader who wishes to gain a deeper understanding on how scripture can better connect an individual to god

many readers of the bible believe that interpreting the scriptures well simply involves a two way dialogue between themselves and the text implied in this view is the idea that we can simply jump over two thousand years of biblical interpretation however if we believe that god has been speaking through the bible to devout believers throughout history it would seem that we should find a way to identify the insights they perceived in the text so that we can learn to read these sacred texts with them drawing on resources from reception theory the goal of reading the bible with the giants is to enable the contemporary reader to interpret the bible in dialogue with those who have gone before us

this handbook presents thorough literature reviews and detailed analyses on the development of china s social sciences research since the reform and opening up in 1978 the handbook is comprised of 4 sections politics and law sociology and economics demography and education journalism studies and library science written and edited by leading scholars from peking university each volume critiques the research findings and provides guidance for future investigations of the respective field given its scope the handbook will offer international academics an in depth and up to date understanding of the development of chinese scholars research on chinese social sciences over the past forty years
