a major activity of the sahitya akademi is the preparation of an encyclopaedia of indian literature the venture covering twenty two languages of india is the first of its kind written in english the encyclopaedia gives a comprehensive idea of the growth and development of indian literature the entries on authors books and general topics have been tabulated by the concerned advisory boards and finalised by a steering committee hundreds of writers all over the country contributed articles on various topics the encyclopaedia planned as a six volume project has been brought out the sahitya akademi embarked upon this project in right earnest in 1984 the efforts of the highly skilled and professional editorial staff started showing results and the first volume was brought out in 1987 the second volume was brought out in 1988 the third in 1989 the fourth in 1991 the fifth in 1992 and the sixth volume in 1994 all the six volumes together include approximately 7500 entries on various topics literary trends and movements eminent authors and significant works the first three volume were edited by prof amresh datta fourth and fifth volume by mohan lal and sixth volume by shri k c dutt

contributors to this volume explore the changing concepts of the social and the economic during a period of fundamental change across asia they challenge accepted explanations of how western knowledge spread through asia and show how versatile asian intellectuals were in introducing european concepts and in blending them with local traditions

history of english covers the development of the english language from the 5th century to the present day contains a mini corpus of texts used for exercises and to illustrate points raised in the commentary introduces key linguistic concepts provides discussion points to generate debate involves readers in collecting and analysing their own data

lexicography is a realm of growing academic specialization dictionaries map meaning onto use we have innumerable dictionaries on different subjects and for different purposes which we keep referring to time and again despite the frequency with which dictionaries are unquestioningly consulted many have little idea of what actually goes into making them or how meanings are definitively ascertained we have become so accustomed to using dictionaries that we fail to take notice of the effort and time spent in their making understanding the finer nuances of the art of dictionary making will be of interest to everyone with changing times and the penetration of technology the bulkier forms of dictionaries have given way to softer forms this book updates the reader to the changing notions of the lexicon and dictionary making in the new realm of modern technology and newer electronic tools the book introduces us to lexicography and leads us to dictionaries for general and specific purposes it examines dictionary compilation and research and enables compilers users educators and publishers to look anew at the art of lexicography it duly takes into account the fact that dictionaries are meant to fulfill the needs of specific user groups and reflects the same in the chapters devoted to various professional dictionaries which have recently achieved widespread recognition in the lexicographical literature a good read for students of linguistics teachers and translators apart from general readers interested in knowing the intricate art of making a dictionary

from the names of cruise lines and bookstores to an australian ranch and a nudist camp outside of atlanta the word serendipity that happy blend of wisdom and luck by which something is discovered not quite by accident is today ubiquitous this book traces the word s eventful history from its 1754 coinage into the twentieth century chronicling along the way much of what we now call the natural and social sciences the book charts where the term went with whom it resided and how it fared we cross oceans and academic specialties and meet those people both famous and now obscure who have used and abused serendipity we encounter a linguistic sage walk down the illustrious halls of the harvard medical school attend the serendipitous birth of penicillin and meet someone who manages serendipity for the u s navy the story of serendipity is fascinating that of the travels and adventures of serendipity equally so written in the 1950s by already eminent sociologist robert merton and elinor barber the book though occasionally and most tantalizingly cited was intentionally never published this is all the more curious because it so remarkably anticipated subsequent battles over research and funding many of which

centered on the role of serendipity in science finally shortly after his ninety first birthday following barber s death and preceding his own by but a little merton agreed to expand and publish this major work beautifully written the book is permeated by the prodigious intellectual curiosity and generosity that characterized merton s influential on the shoulders of giants absolutely entertaining as the history of a word the book is also tremendously important to all who value the miracle of intellectual discovery it represents merton s lifelong protest against that rhetoric of science that defines discovery as anything other than a messy blend of inspiration perspiration error and happy chance anything other than serendipity

the handbook of diasporic indian writing in english is an essential reference to indian literature it features alphabetical entries of indian writers who have bridged the gap between cultures and redefined language boundaries as the field of diasporic writing continues to expand and intersect with various branches of english and cultural studies it anticipates a growing market it offers a unique and compelling perspective on the global tapestry of literature it draws on various interdisciplinary approaches including postcolonial theory cultural studies and digital humanities to offer fresh and innovative perspectives on the literature it is an indispensable resource for research scholars of literary studies and related disciplines like cultural studies and postcolonial studies
