the late twentieth century witnessed the birth of an impressive number of new democracies in latin america this wave of democratization since 1978 has been by far the broadest and most durable in the history of latin america but many of the resulting democratic regimes also suffer from profound deficiencies what caused democratic regimes to emerge and survive what are their main achievements and shortcomings this volume offers an ambitious and comprehensive overview of the unprecedented advances as well as the setbacks in the post 1978 wave of democratization it seeks to explain the sea change from a region dominated by authoritarian regimes to one in which openly authoritarian regimes are the rare exception and it analyzes why some countries have achieved striking gains in democratization while others have experienced erosions the book presents general theoretical arguments about what causes and sustains democracy and analyses of nine compelling country cases

learning of democracy in latin america social actors cultural change

this volume focuses on democracy in latin america and assesses the state of current knowledge on the topic and identifies new research frontiers in the study of latin american politics it provides an overview of research agendas and strategies used in the literature over the past four decades it tackles a series of central questions what is democracy is democracy an absolute value are current conceptualizations of democracy adequate how and why does democracy work or fail in latin america and spells out the implications of answers to these questions for current research agendas it distinguishes between qualitative and quantitative approaches to the conceptualization

and measurement of democracy and presents a dataset on political regimes and democracy that illustrates how the differences between these two standard approaches might be overcome finally it evaluates the strengths and weaknesses of conventional methods used to generate and test explanations of the causes and consequences of democracy and proposes alternative ways to advance ongoing substantive debates given the current state of theory and data the contributors are scholars from the united states and latin america who are experts on latin america and who have established reputations as theorists and methodologists the volume will be of interest to readers seeking to understand debates about democracy in developing societies and to grasp the concepts theories and methods that are currently being developed to study latin american politics

this is a bold new study of the recent emergence of democracy in latin america leonardo avritzer shows that traditional theories of democratization fall short in explaining this phenomenon scholars have long held that the postwar stability of western europe reveals that restricted democracy or democratic elitism is the only realistic way to guard against forces such as the mass mobilizations that toppled european democracies after world war i avritzer challenges this view drawing on the ideas of jürgen habermas he argues that democracy can be far more inclusive and can rely on a sphere of autonomous association and argument by citizens he makes this argument by showing that democratic collective action has opened up a new public space for popular participation in latin american politics unlike many theorists avritzer builds his case empirically he looks at human rights movements in argentina and brazil neighborhood associations in brazil and mexico and election monitoring initiatives in mexico contending that such participation has not gone far enough he proposes a way to involve citizens even more directly in policy decisions for example he points to experiments in participatory budgeting in two brazilian cities ultimately the concept of such a space beyond the reach of state administration fosters a broader view of democratic possibility of the cultural transformation that spurred it and of the tensions that persist in a region where democracy is both new and different from the old world models

events such as the signing of the north american free trade agreement have made it imperative for students to grasp the history and possible directions of latin american political change this title gives readers both the background and the analytical models necessary for an accurate understanding of this area s political past and future to examine the problems posed by political development professor camp has divided this volume into four parts the first section sets the tone with two introductory essays providing an overview of the problems and dilemmas posed by democratization the other three parts explore important aspects of this overall process

ten leading scholars of the region present original research to argue that theories of democratic consolidation or institutionalization are too often euro and ethno centric that simple appeals for greater participation are insufficient and that recent critics of populism patronage and presidentialism fail to capture new opportunities for democracies in the region

democracy in latin america political change in comparative perspective examines processes of democratization in latin america from 1900 to the present organized thematically with a unique historical perspective the book provides a widespread view of political transformation throughout the entire region in clear and jargon free prose the book traces the origins and evolution of democracy in latin america examines the adoption and reform of electoral institutions assesses the policy performance of contemporary democracies explores the political representation of women workers and indigenous peoples evaluates trends in public opinion reveals the recent rise of illiberal democracy adroitly blending qualitative and quantitative approaches democracy in latin america offers a new and startling explanation for the prevalence of electoral democracy in modern day latin america and presents an in depth analysis of political challenges now confronting the region as a whole including poverty inequality and criminality in addition to maps tables and figures the book provides carefully selected illustrations and numerous boxes containing anecdotal material and conceptual commentary comprehensive in scope rigorous in method and thoroughly accessible to students and general readers democracy in latin america political change in comparative perspective is ideal for a broad variety of undergraduate courses in political

science history and sociology

one of latin america s leading sociologists manuel antonio garretón explores contemporary challenges to democratization in latin america in this work originally published in spanish in 1995 he pays particular attention to the example of chile analyzing the country s return to democracy and its hopes for continued prosperity following the 1973 coup that overthrew democratically elected president salvador allende garretón contends that the period of democratic crisis and authoritarian rule that characterized much of latin america in the 1960s and 1970s was symptomatic of a larger breakdown in the way society and government worked a new era emerged in chile at the end of the twentieth century garretón argues an era that partakes of the great changes afoot in the larger world this edition updates garretón s analysis of developments in chile considering the administration of current president ricardo lagos the author concludes with an exploration of future prospects for democracy in latin america

this is the third of four volumes compiled in honor of juan j linz and edited by h e chehabi richard gunther alfred stepan and arturo valenzuela each volume presents original research and theoretical essays by linz s distinguished collaborators students teachers and friends as well as overviews of his enormous contributions to spanish and latin american studies comparative politics and sociology in volume iii leading latin american scholars evaluate juan linz s contribution to the study of latin american politics in particular his influence on studies dealing with authoritarianism democratic breakdown public opinion regime transition and the institutional conditions needed for stable democracy

this textbook provides an understanding of the process of democratization in latin america the author explores the various paths to democracy followed in different countries of the region

among the challenges for democracies in latin america and southern europe are weakened political parties politicized militaries compromised judiciaries corrupt police forces and widespread citizen distrust these essays offer an examination of the political structures and institutions bequeathed

by authoritarian regimes

in latin america during the 1980s the widely accepted model of economic development collapsed triggering profound changes in relations among the state civil society and the market this volume advocates a fundamental rethinking of central issues in latin american political economy

resistance to truth and justice

is democracy in latin america in trouble as many now argue this book focuses on citizenship to shed light on the dynamics and obstacles that the region s democracies face it places citizenship in the context of democratic theory and explores varying conceptions of the term

this volume examines the evolution of electoral observation strategies since the 1980s the relative contributions that foreign and domestic observers can make to free and fair elections and to the democratization process more generally and the principal lessons learned from electoral observation initiatives in latin america during the 1980 90s

this paper looks at the issue of democratization from a gender perspective while many of the problems afflicting the new democracies such as the elitist character of political parties and the failure of the state to guarantee civil and political rights or make a significant dent in poverty affect all citizens they are manifested and experienced in gender specific ways women s persistent exclusion from formal politics in particular raises a number of specific questions about how to reform democratic institutions since these institutions are not automatically gender equitable

this text explores why and how democracy broke down in peru in 1992 the author s argument is that institutional factors especially the absence of a legislative majority were crucial to the collapse of democracy in peru during and before this period and throughout latin america since the 1960s
