katherine ormerod journalist and social media mogul is here to burst the instagram bubble and discuss the real effects of social media perfection the internet has set destructive standards of flawlessness and comparison we re working so hard to live up to these new benchmarks that we re burning ourselves out and we re working so hard to maintain them that we re self perpetuating an unobtainable reality until girls and women alike see the social media fantasies for what they are constructed realities and stop comparing their lifestyles bodies partners even families to those seen on their feeds and screens they will never be able to realize their potential in the workplace in the political

system or in their quest for happiness in how social media is ruining your life katherine explodes our social media addled ideas about body image money relationships motherhood careers politics and more and gives readers the tools they need to control their own online lives rather than being controlled by them an important book for any woman who has ever looked at her instagram feed and thought who are these women and how the hell do they do it

once celebrated for connecting people and circulating ideas social media are facing mounting criticisms about their anticompetitive reach addictive design and toxicity to democracy known cumulatively as the techlash journalists users and politicians are asking social media platforms to account for being too big too engaging and too unruly in the age of the techlash strategies to regulate how platforms operate technically economically and legally are often stacked against individual tactics to manage the effects of social media by disconnecting from them these disconnection practices from restricting screen time and detoxing from device use to deleting apps and accounts often reinforce rather than confront the ways social media organize attention everyday life and society reckoning with social media challenges the prevailing critique of social media that pits small gestures against big changes that either celebrates personal transformation or champions structural reformation this edited volume reframes evaluative claims about disconnection practices as either restorative or reformative of current social media systems by beginning where other studies conclude the ambivalence commodification and complicity of separating from social media

the culture of connectivity tells the full story of the rise of social media in the first decade of the twenty first century up to the present providing both a historical and a critical analysis of the emergence of major platforms in the context of a rapidly changing ecosystem of connective media author and media scholar josé van dijck offers a newanalytical prism to examine techno cultural as well as socio economic aspects of this transformation looking especially at major platforms such as facebook twitter flickr youtube and wikipedia
