just as the earth is moved by the universe you me every human every life form and every thing is moved by the universe as well this movement feeling the sense of the universe's gravity field or what einstein called space time is not just felt by astronauts all of us feel moved by gravity all the time when you let gravity move you when you are moved by space time you are moved by the universe when you are moved in this way you are showing the dance of the ancient one and are in contact with the space between us with the subtle experience of being moved by what i shall explain is a system mind possibly the most powerful system mind available to us arnold mindell the dance of the ancient one spring 2013 in his latest book mindell expands on his

earlier concept of the processmind as he develops the notion of space time dreaming or dance of the ancient one in his rigorous efforts toward the elucidation of a toe or theory of everything space time dreaming weaves together essential spiritual concepts from the eastern mystical tradition of the tao and wu wei of chinese philosophy along with modern western field and space theories in quantum physics such as gravity space time unified field theories indeterminacy and entanglement he draws upon personal field ideas i e the unconscious interpersonal social field and role theory from psychology and sociology then adds concepts of intersubjectivity and entanglement from transpersonal and integral psychology on a group level he incorporates interdependence from organizational system mind models and places it all in the context of ecology of gaia and then the larger universe one world concepts such as the unus mundus from mystical and alchemical traditions that work at a more essential or non dual level to unite seeming opposites facilitate the coming together of all of these varied perspectives in his framing of the space time dreaming concept experientially accessible as the dance of the ancient one each chapter contains either an exercise to do in pairs or a small group or an inner work exercise so that you can facilitate yourself and experience the space time dreaming states directly transcripts of discussions with his students are distributed throughout the book and engagingly contribute to a diverse and resonant learning experience

capture and reuse of project knowledge in construction an organisation s competitive advantage lies in the knowledge of its employees and the organisation s ability to harness that knowledge to meet business objectives knowledge management is recognised in the construction industry as a potential tool for providing organisational benefits but for a number of reasons particularly the project based nature of construction where teams are transient multidisciplinary and often from different organisations implementation has been only marginally successful capture and reuse of project knowledge in construction describes a methodology for the live capture of reusable project knowledge that reflects both the organisational and human dimensions of knowledge capture and reuse as well as exploiting the benefits of technology this methodology was developed in response to the shortcomings of current practices in managing project knowledge the benefits offered by capturing and sharing knowledge immediately after it is generated and the organisational benefit of reusing knowledge within a project based environment written for all practitioners in project based industries who have struggled with the capture and reuse of knowledge on their projects it will also be of interest to students and researchers in construction management and allied disciplines

the majority of medical errors are non technical in nature stemming from faulty decision making asynchronous information gathering lack of situational awareness and ineffective communication and team leadership reviews of accidents from other high risk industries including the airline industry have had similar findings this led the national aeronautics and space administration nasa and the airline industry to develop crew now crisis resource management crm training these team based training strategies address non technical skills to counteract human error and improve team and patient safety medicine has begun adapting this training especially within the realms of anesthesia and critical care trauma surgery has been slower to utilize this work however simulation based training is increasing in popularity the first edition of trauma team dynamics was a revolutionary book in the field of trauma care it was the first text that integrated the complexities of trauma care but illustrated how these could be streamlined and improved through a team based focus and training crm and team based training has grown substantially in the past six years since this text was conceived and there have been significant developments both in the breadth of the training as well as refinement in the topics covered teaching methods utilized and strategies employed to overcome the multitude of challenges still faced in this area the second edition of this text expands greatly on the initial crm topics covered in the opening section of the book hot topics in crm training including the concepts of followership and conflict resolution and highlights strategies such as mindfulness and others to manage stress and reduce burnout are discussed the text also expands into novel areas of trauma care including less invasive bedside endovascular treatments such as reboa resuscitative endovascular balloon occlusion of the aorta and a more in depth discussion of teleresuscitation and trauma care in austere environments featuring 28 new chapters the second

edition of trauma team dynamics is written by experts in trauma critical care emergency medicine nursing respiratory therapy and pre hospital care and include nasa and united states military affiliated experts it is intended for use as both a day to day clinical resource and a reference text and includes self assessment questions as well as guidance on crm curriculum design and implementation

this book covers ehlers danlos and hypermobility syndromes with an emphasis on treatment of the parasympathetic and sympathetic p s nervous system dysfunctions unfortunately most eds hsd patients have been misdiagnosed and misunderstood by providers eds hsd is a multisystem multifaceted disorder that is poorly understood the p s manifestations and treatments are also poorly understood throughout the healthcare community to this end the authors wish to teach providers and patients alike to reduce the life long suffering from both the disorder and the marginalization there are two aspects of teaching that are required and provided by this book improved understanding of eds hsd and improved understanding of p s autonomic dysfunction and treatment for example with the autonomic nervous system more treatment or therapy is never better relief of p s dysfunction must be low and slow to prevent causing more symptoms from higher doses of medication or polypharmacy to this end stress often sets patients back and both providers and patients alike must have proper expectations set for successfully improving patient outcomes quality of life and productivity the book starts with an introduction to and history of the disorder chapter ii provides a review of the genetics of collagen the source of the disorders chapters iii through ix detail the various forms of eds hsd and goes into more detail on the more common and more well known variants of eds hsd chapter x discusses structural cardiovascular and pulmonary dysfunction associated with eds hsd chapter xi discusses structural gastrointestinal and urogenital dysfunction associated with eds hsd the book ends with chapter xii which details the involvement of the p s nervous systems and how to treat which also has general application to other chronic disorders this is an ideal guide for rheumatologists and primary care physicians treating patients with ehlers danlos and hypermobility syndromes and patients and their loved ones in understanding their disease and disorders and the associated treatments and therapies
